NUCLEAR REGULATORY COMMISSION

[Docket No. 72-8]

Notice of Issuance of Amendment to Materials License SNM-2505; Calvert Cliffs Nuclear Power Plant, Inc.; Calvert Cliffs Independent Spent Fuel Storage Installation

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of issuance of license amendment.

FOR FURTHER INFORMATION CONTACT:

Joseph M. Sebrosky, Senior Project Manager, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Telephone: (301) 415-1132; fax number: (301) 415-8555; e-mail: jms3@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC or the Commission)

has issued Amendment 7 to Materials License SNM-2505 held by Calvert Cliffs Nuclear Power Plant, Inc. (CCNPP) for the receipt, possession, transfer, and storage of spent fuel at the Calvert Cliffs Independent Spent Fuel Storage Installation (ISFSI), located in Calvert County, Maryland. The amendment is effective as of the date of issuance.

II. Background

By application dated May 16, 2005, as supplemented on September 29, 2005, and October 28, 2005, CCNPP requested to amend its ISFSI license to incorporate changes to the updated safety analysis report to alter the design basis limit for the dry shielded canister (DSC) internal pressure from 50 psig to 100 psig.

III. Finding

This amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment.

In accordance with 10 CFR 72.46(b)(2), a determination has been made that the amendment does not present a genuine issue as to whether public health and safety will be significantly affected. Therefore, the publication of a notice of proposed action and an opportunity for hearing or a notice of hearing is not warranted. Notice is hereby given of the right of interested persons to request a hearing on whether the action should be rescinded or modified.

Also in connection with this action, the Commission prepared an Environmental Assessment (EA) and Finding of No Significant Impact (FONSI). The EA and FONSI were published in the **Federal Register** on September 12, 2005 (70 FR 53812).

FOR FURTHER INFORMATION CONTACT: For further details with respect to this action, see the application dated May 16, 2005, available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O-1F21, 11555 Rockville Pike (first floor) Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in

accessing the documents located in ADAMS, should contact the NRC PDR Reference staff by telephone at 1 (800) 397-4209, 301-415-4737, or by e-mail to pdr@nrc.gov.

Dated at Rockville, Maryland, this 2nd day of November, 2005.

For the Nuclear Regulatory Commission.

Joseph M. Sebrosky,

Senior Project Manager, Licensing Section,
Spent Fuel Project Office, Office of Nuclear
Material Safety and Safeguards.

OCCUPATIONAL SAFETY AND HEALTH REVIEW COMMISSION

Privacy Act of 1974; New Systems of Records

AGENCY: Occupational Safety and Health
Review Commission.

ACTION: Notice.

SUMMARY: This notice announces proposed new systems of records, maintained by the Occupational Safety and Health Review Commission (Review Commission or OSHRC), in accordance with the Privacy Act of 1974, 5 U.S.C. 552a, as amended.

DATES: Comments must be received by the Review Commission by December 12, 2005. The new and revised systems of records will become effective on January 9, 2006, without any further notice in the **Federal Register**, unless comments or government approval procedures necessitate otherwise.

ADDRESSES: Submit any written comments to Ron Bailey, Attorney Advisor, Office of General Counsel, 1120 20th Street, NW., Ninth Floor, Washington, DC 20036-3457.

FOR FURTHER INFORMATION CONTACT: Ron Bailey, Attorney Advisor, Office of General Counsel, (202) 606-5410.

SUPPLEMENTARY INFORMATION: On August 27, 2004, the President signed Homeland Security Presidential Directive (HSPD) 12, *Policy for a Common Identification Standard for Federal Employees and Contractors*. HSPD 12 requires the development and agency implementation of a mandatory, government-wide standard for secure and reliable forms of identification for Federal employees and contractors. On February 25, 2005, in accordance with HSPD 12, the United States Department of Commerce issued Federal Information Processing Standard Publication 201 (FIPS 201), *Personal Identity Verification (PIV) of Federal Employees and Contractors*. Part 1 of the standard (PIV I) requires the

adoption and use of an approved identity proofing and registration process, see FIPS 201 sec. 2, and Part 2 (PIV II) requires the adoption and use of a PIV system that supports "a common (smart card-based) platform for identity authentication across Federal departments and agencies for access to multiple types of physical and logical access environments," see FIPS 201 sec. 3. On August 5, 2005, in Memorandum M-05-24, the Office of Management and Budget (OMB) instructed agencies to implement PIV I by October 27, 2005.

In implementing PIV I, the Review Commission has created one new system of records, Personnel Security Records, and has determined that notice of a preexisting system of records, Identification Card Records, has not yet been published. In this notice, these systems of records are designated as OSHRC-7 and OSHRC-8, respectively.

OSHRC-7

SYSTEM NAME:

Personnel Security Records.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

The administrative office at each OSHRC location maintains the records for its employees and contractors. The central office is located at 1120 20th Street, NW., Ninth Floor, Washington, DC 20036-3457. The branch offices are located at 100 Alabama Street, SW., Building 1924, Room 2R90, Atlanta, GA 30303-3104; and 1244 North Speer Boulevard, Room 250, Denver, CO 80204-3582.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The system of records notice covers individuals who require long-term access to federally controlled buildings and federally controlled information systems. Specifically, the categories of individuals covered by this system of records include: (1) Federal employees, as defined under 5 U.S.C. 2105, within OSHRC; (2) individuals employed by, detailed to, or assigned to OSHRC; (3) short-term employees of OSHRC, whose terms are for 6 or more months; and (4) individuals under contract to OSHRC, requiring routine access to OSHRC's federally controlled facilities and/or federally controlled information systems.

Federally controlled buildings are defined in FIPS 201 as: (1) Federally owned buildings or leased space, whether for single or multi-tenant occupancy, and its grounds and approaches, all or any of which is under

the jurisdiction, custody or control of a department or agency covered by HSPD 12; and (2) federally controlled commercial space shared with non-government tenants. Federally controlled information systems are defined by the *Federal Security Management Act of 2002*, 44 U.S.C. 3544(a)(1)(A)(ii), as "[i]nformation systems used or operated by an agency or by a contractor of an agency or other organization on behalf of an agency."

CATEGORIES OF RECORDS IN THE SYSTEM:

The system of records contains a form, titled "Personal Identity Verification (PIV) Request for OSHRC Credential," on which information relevant to the credentialing process is recorded. The form includes the following information about the individual being credentialed: (1) Name; (2) country of citizenship; (3) phone number; (4) birth date; (5) hair color, eye color, height, weight, and gender; (6) employment position (or position to which individual is to be hired) and work address; (7) e-mail address; (8) information gathered from identity source documents, including the name on the documents, the document numbers, the document titles, the issuers, and the expiration dates; and (9) the name, identifier, and expiration date on the credential issued by OSHRC. The form also includes the signature of the individual being credentialed, and the names, phone numbers, email addresses, and signatures of the various OSHRC employees responsible for sponsoring, registering, and issuing the credential.

The system of records also contains a passport-sized color photograph of each credentialed individual. And, once a National Agency Check with Written Inquiries (NACI) has been completed, a copy of the OFI-79A, which may include information regarding a credentialed individual's criminal history, is included in the system of records.

Other security forms, such as the Standard Form 85 and a fingerprint chart, are completed by each credentialed individual. However, these forms are forwarded to the Office of Personnel Management (OPM) by overnight/FedEx or by certified mail, return receipt requested, and copies of these forms will not be maintained in the system of records. Accordingly, these records are covered by OPM's notice for OPM/CENTRAL-9, Personnel Investigations Records, see 58 FR 19154, 19184, Apr. 12, 1993, and not by the instant notice.
