FOR FURTHER INFORMATION CONTACT: Morris Angell, Regional Environmental Quality Advisor, GSA, 450 Golden Gate Ave., 3rd Floor E, San Francisco, CA 94102, (415)522-3473, or via e-mail to Morris.Angell@gsa.gov. Oral and written comments may also be submitted at the public hearing described in the DATES section. Requests for copies of the Draft Andrade Port of Entry EIS or other matters regarding this environmental review should be referred to Morris Angell at the address above.

SUPPLEMENTARY INFORMATION: A notice of availability will be mailed to all agencies, organizations, and individuals who participated in the scoping process or were identified during the EIS process. GSA has distributed copies of the Draft Andrade Port of Entry EIS to appropriate Congressional members and committees, the states of California and Arizona, American Indian tribal governments, local county governments, other federal agencies, and other interested parties who have already requested copies.

The Draft EIS was prepared pursuant to the National Environmental Policy Act of 1969 (NEPA) [42 U.S.C. 4321 *et seq.*] and the Council on Environmental Quality NEPA regulations [40 CFR part 1500]. GSA proposes to continue operating the Andrade Port of Entry, which is located in the extreme southeastern corner of California. GSA has identified and assessed five action alternatives for the operation of the Andrade Port of Entry: (1) New Facility on Current Site and Adjacent Land to West (Variants A and B), (2) New Facility on Current Site and Adjacent Land to East, (3) New Pedestrian and Vehicle Facility on the Peninsula between the Alamo Canal and the Colorado River, (4) New Facility on the Peninsula for Vehicles Only, and (5) New Facility in Arizona for Vehicles Only. In addition, GSA analyzed the No Action Alternative in which GSA would continue the status quo, that is, operate the port of entry in its current configuration, with only minor planned upgrades.

The Draft Andrade Port of Entry EIS identifies the expected environmental impacts from facility operations for each alternative, and presents comparisons of these impacts among the six alternatives. For each alternative, impact discussions are presented by resource area (e.g., land use, geology

and soils) or topic area (e.g., traffic, environmental justice).

After the public comment period, which ends January 9, 2006, GSA will consider the comments received, revise the Draft EIS, select a preferred alternative, and issue a Final EIS. GSA will consider the Final EIS, along with other economic and technical considerations, to make a decision on the appropriate course for improvements at the Andrade Port of Entry.

ADDRESSES: Comments may be submitted in writing to: Morris Angell, Regional Environmental Quality Advisor, GSA, 450 Golden Gate Ave., 3rd Floor E, San Francisco, CA 94102, or via e-mail to Morris.Angell@gsa.gov. Oral and written comments may also be submitted at the public hearing described in the DATES section. Requests for copies of the Draft Andrade Port of Entry EIS or other matters regarding this environmental review should be referred to Morris Angell at the address above.
