**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** November 10, 2005.

**FOR FURTHER INFORMATION CONTACT:** Charles Riggle at (202) 482-0650 or Marin Weaver at (202) 482-2336, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

**SUPPLEMENTARY INFORMATION:****Background**

On July 11, 2005, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on folding metal tables and chairs from the People's Republic of China ("PRC"). See *Folding Metal Tables and Chairs from the People's Republic of China: Notice of Preliminary Results of Antidumping Duty Administrative Review*, 70 FR 39726 (July 11, 2005). The Department is extending the time limit for the final results of the administrative review of the antidumping duty order on folding metal tables and chairs from the PRC. This review covers the period June 1, 2003, through May 31, 2004.

**Extension of Time Limit for Final Results of Review**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act") states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by an additional 60 days. Completion of the final results within the 120-day period is not practicable for the following reasons: (1) The review involves a large number of complex inventory reconciliations of a respondent's raw material, components and finished stock warehouses, and its work in process; and (2) Due to the unknown number of purported sample transactions for New-Tec Integration (Xiamen) Co., Ltd. at the time of the preliminary results, the Department issued multiple supplemental

questionnaires after the preliminary results of review, which the Department now needs to review and subsequently adjust its schedule for this review.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by 60 days until January 7, 2006. Additionally, the Department will notify all parties once it has established the briefing schedule.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 3, 2005.

**DEPARTMENT OF COMMERCE****International Trade Administration****[A-821-802]****Extension of Time Limit for Sunset Review of the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation**

**AGENCY:** Import Administration, International Trade Administration, U.S. Department of Commerce.

**EFFECTIVE DATE:** November 10, 2005.

**FOR FURTHER INFORMATION CONTACT:** Sally Gannon, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; (202) 482-0162.

**SUPPLEMENTARY INFORMATION:****Extension of Time Limit for Sunset Review:**

In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended, ("the Act"), the U.S. Department of Commerce ("the Department") may extend the period of time for making its determination by not more than 90 days if it determines that the review is extraordinarily complicated. As set forth in section 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. A transition order is defined as any antidumping or countervailing duty order or suspension agreement that was in effect on January 1, 1995, the date on which the WTO Agreement entered into force with respect to the United States. See section 751(c)(6)(C) of the Act. The agreement suspending the antidumping investigation on uranium from the

Russian Federation was in effect prior to January 1, 1995 and, as such, is a transition order. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset review of the agreement suspending the antidumping investigation on uranium from the Russian Federation is extraordinarily complicated and requires additional time for the Department to complete its analysis. The Department will extend the deadlines in this proceeding and, as a result, intends to issue either the preliminary results of the full sunset review on January 17, 2006 and the final results of the full sunset review on May 30, 2006, or the final results of the expedited review on January 27, 2006.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: November 3, 2005.
