

DEPARTMENT OF COMMERCE**International Trade Administration****[A-570-868]****Folding Metal Tables and Chairs from the People's Republic of China: Notice of Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 10, 2005.

FOR FURTHER INFORMATION CONTACT: Charles Riggle at (202) 482-0650 or Marin Weaver at (202) 482-2336, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:**Background**

On July 11, 2005, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on folding metal tables and chairs from the People's Republic of China ("PRC"). See *Folding Metal Tables and Chairs from the People's Republic of China: Notice of Preliminary Results of Antidumping Duty Administrative Review*, 70 FR 39726 (July 11, 2005). The Department is extending the time limit for the final results of the administrative review of the antidumping duty order on folding metal tables and chairs from the PRC. This review covers the period June 1, 2003, through May 31, 2004.

Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act") states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by an additional 60 days. Completion of the final results within the 120-day period is not practicable for the following reasons: (1) The review involves a large number of complex inventory reconciliations of a respondent's raw material, components and finished stock warehouses, and its work in process; and (2) Due to the unknown number of purported sample transactions for New-Tec Integration (Xiamen) Co., Ltd. at the time of the preliminary results, the Department issued multiple supplemental

questionnaires after the preliminary results of review, which the Department now needs to review and subsequently adjust its schedule for this review.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by 60 days until January 7, 2006. Additionally, the Department will notify all parties once it has established the briefing schedule.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 3, 2005.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**International Trade Administration****[A-821-802]****Extension of Time Limit for Sunset Review of the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation**

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: November 10, 2005.

FOR FURTHER INFORMATION CONTACT: Sally Gannon, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; (202) 482-0162.

SUPPLEMENTARY INFORMATION:**Extension of Time Limit for Sunset Review:**

In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended, ("the Act"), the U.S. Department of Commerce ("the Department") may extend the period of time for making its determination by not more than 90 days if it determines that the review is extraordinarily complicated. As set forth in section 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. A transition order is defined as any antidumping or countervailing duty order or suspension agreement that was in effect on January 1, 1995, the date on which the WTO Agreement entered into force with respect to the United States. See section 751(c)(6)(C) of the Act. The agreement suspending the antidumping investigation on uranium from the

Russian Federation was in effect prior to January 1, 1995 and, as such, is a transition order. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset review of the agreement suspending the antidumping investigation on uranium from the Russian Federation is extraordinarily complicated and requires additional time for the Department to complete its analysis. The Department will extend the deadlines in this proceeding and, as a result, intends to issue either the preliminary results of the full sunset review on January 17, 2006 and the final results of the full sunset review on May 30, 2006, or the final results of the expedited review on January 27, 2006.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: November 3, 2005.

Ronald K. Lorentzen,

Director, Office of Policy.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**International Trade Administration****Export Trade Certificate of Review**

ACTION: Notice of Issuance of an Amended Export Trade Certificate of Review, Application No. 03-A0007.

SUMMARY: On November 7, 2005, The U.S. Department of Commerce issued an amended Export Trade Certificate of Review to Great Lakes Fruit Exporters Association, LLC ("GLFEA").

FOR FURTHER INFORMATION CONTACT: Jeffrey C. Anspacher, Director, Export Trading Company Affairs, International Trade Administration, (202) 482-5131 (this is not a toll-free number) or e-mail at oitca@ita.doc.gov.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. Sections 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. The regulations implementing Title III are found at 15 CFR part 325 (2003).

Export Trading Company Affairs ("ETCA") is issuing this notice pursuant to 15 CFR 325.6(b), which requires the U.S. Department of Commerce to publish a summary of the certification in the **Federal Register**. Under Section 305(a) of the Act and 15 CFR 325.11(a), any person aggrieved by the Secretary's determination may, within 30 days of the date of this notice, bring an action in any appropriate district court of the

United States to set aside the determination on the ground that the determination is erroneous.

Description of Amended Certificate: Export Trade Certificate of Review No. 03-00007, was issued to GLFEA on December 15, 2003 (69 FR 8382, February 24, 2004).

GLFEA's Export Trade Certificate of Review has been amended to:

1. Add the following company as a new "Member" of the Certificate within the meaning of section CFR 325.2(1) of the Regulations (15 CFR 325.2(1)): Michigan Fresh Marketing, LLC, Belding, Michigan (controlling entity: Heeren Brothers, Inc., Grand Rapids, Michigan).

The effective date of the amended certificate is August 9, 2005. A copy of the amended certificate will be kept in the International Trade Administration's Freedom of Information Records Inspection Facility, Room 4100, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Dated: November 7, 2005.

Jeffrey C. Anspacher,

Director, Export Trading Company Affairs.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 092105B]

Endangered Species; File No. 1420; File No. 1543; File No. 1545; and File No. 1549

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of applications and modification request

SUMMARY: NMFS has received applications from the following entities for permits or permit modifications for scientific research on shortnose sturgeon (*Acipenser brevirostrum*):

Dr. Douglas Peterson, Warnell School of Forest Resources (Fisheries Division), University of Georgia, Athens, GA 30602 (Permit No. 1420);

Duke Power Company (Gene E. Vaughan, Principal Investigator), Catawba-Wateree Hydropower Relicensing Project, Mail Code EC 12Y, P.O. Box 1006, Charlotte, NC 28201 (File No. 1543);

North Carolina Zoological Park (John D. Groves, Principal Investigator), 4401

Zoo Parkway, Asheboro, NC 27205 (File No. 1545); and Dr. Boyd Kynard, S.O. Conte Anadromous Fish Research Center (USGS-BRD), Box 796, One Migratory Way, Turners Falls, MA 01376 (File No. 1549).

DATES: Written, telefaxed, or e-mail comments must be received on or before December 12, 2005.

ADDRESSES: The applications and related documents are available for review upon written request or by appointment in the following offices:

All documents: Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521;

Southeast Region, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701; phone (727)824-5312; fax (727)824-5309; and

For File No. 1549: Northeast Region, NMFS, One Blackburn Drive, Gloucester, MA 01930-2298; phone (978)281-9328; fax (978)281-9394.

Written comments or requests for a public hearing on these applications should be mailed to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on the particular request would be appropriate.

Comments may also be submitted by facsimile at (301)427-2521, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period.

Comments may also be submitted by e-mail. The mailbox address for providing email comments is NMFS.Pr1Comments@noaa.gov. Include in the subject line of the e-mail comment the following document identifier: either Permit No. 1420, File No. 1543, File No. 1545, File No. 1549.

FOR FURTHER INFORMATION CONTACT: Shane Guan, (301)713-2289.

SUPPLEMENTARY INFORMATION: The subject permits and modifications are requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

File No. 1420: A notice of receipt of an application from Dr. Douglas Peterson to conduct scientific research on shortnose sturgeon was published on March 11, 2003 (68 FR 11533). On

September 2, 2004, a scientific research permit was issued to Dr. Peterson to conduct scientific research on shortnose sturgeon (69 FR 55797). The permit authorizes Dr. Peterson to capture, measure, weigh, passive integrated transponder (PIT) and Carlin tag, tissue sample, and release up to 200 adult sturgeon annually from Altamaha River, Georgia. Additionally, Dr. Peterson is authorized to internally radio-sonic tag up to 30 sturgeon annually. Dr. Peterson now proposes to increase the annual capture of sturgeon from 200 to 1,000 due to a revised population assessment suggesting that the shortnose sturgeon population in the Altamaha River is probably at least ten times larger than previously thought. This permit expires on September 30, 2009.

File No. 1543: Duke Power Company proposes to conduct a study of shortnose sturgeon in the Wateree River, South Carolina, as part of the Federal Energy Regulatory Commission's 2008 relicensing process for the Company's Catawba-Wateree Hydropower Project. State and federal regulatory agencies have requested a shortnose sturgeon use-survey of the Wateree River. Three shortnose sturgeon would be captured annually via gill nets set every other week in the early spring along the Wateree River when water temperatures are 9 - 15 °C. Captured fish would be weighed, measured, scanned for PIT tags, and released. Untagged fish would be tagged by the South Carolina Department of Natural Resources. The permit is requested for a duration of 5 years, beginning in February 2006.

File No. 1545: The North Carolina Zoologist Park has requested authorization to obtain and use ten captive-bred, non-releaseable shortnose sturgeon from the U.S. Fish and Wildlife Service's Warm Springs National Fish Hatchery for the purposes of educational display. The proposed project of displaying endangered cultured shortnose sturgeon responds directly to a recommendation from the NMFS recovery outline for this species. This sturgeon display would be used to increase public awareness of the shortnose sturgeon and its status. The proposed project would educate the public on shortnose sturgeon life history and the reasons for its declining numbers. The permit is requested for a duration of 5 years.

File No. 1549: Dr. Boyd Kynard of the S.O. Conte Anadromous Fish Research Center proposes to conduct scientific research to determine up and downstream migrations, habitat use, spawning periodicity, seasonal movements, and growth of shortnose sturgeon in the Connecticut River from
