Rescission of Administrative Review

On October 7, 2005, the Department published in the **Federal Register** its intent to rescind the administrative review. As noted above, CSN certified that it did not have any shipments or entries of subject merchandise during the POR and CST certified that the only shipments or entries of subject merchandise it had during the POR were being reviewed by the Department as part of a new shipper review of CST for the period March 1, 2004, through August 31, 2004. See *Notice of Intent to Rescind*. The Department conducted an internal customs data query to confirm that CSN had no entries of subject merchandise into the United States during the POR, and that CST had no entries of subject merchandise other than those already being reviewed as part of the new shipper review. The customs data showed no entries of subject merchandise by CSN during the POR, and no additional entries by CST that should be reviewed. We invited interested parties to comment on our intent to rescind the administrative review; no comments were submitted.

Therefore, in accordance with 19 CFR 351.213(d)(3), we are rescinding this review for CSN based on our determination that this company did not have entries of subject merchandise during the POR. Pursuant to 19 CFR 315.214(j), we are rescinding this review for CST because any entries of subject merchandise during the POR are already being reviewed by the Department as part of a new shipper review. This review was requested for only these two companies.

We are issuing this notice in accordance with section 751(a)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: November 8, 2005.

Deputy Assistant Secretary for Import Administration.

Notice of Extension of Time Limit for Preliminary Results in Antidumping Duty Administrative Review: Stainless Steel Bar From France

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 15, 2005.

FOR FURTHER INFORMATION CONTACT: David Goldberger at (202) 482-4136, or Roberto Facundus at (202) 482-3464, Import Administration, AD/CVD Operations, Office 2, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230.

SUPPLEMENTARY INFORMATION:

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to up to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

The preliminary results of the administrative review of the antidumping duty order on stainless steel bar from France are currently scheduled to be completed on December 1, 2005. However, the Department finds that it is not practicable to complete the preliminary results in this administrative review within this time limit because additional time is needed to fully analyze the complex issues raised in the questionnaire responses and supplemental questionnaire responses submitted by the respondent.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for completion of the preliminary results of this review by 43 days to January 13, 2006. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: November 7, 2005.

Deputy Assistant Secretary for Import Administration.

Polyethylene Terephthalate Film, Sheet and Strip from India: Extension of Time Limit for Final Results of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 15, 2005.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen or Drew Jackson, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-2769 or (202) 482-4406, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2004, the Department of Commerce (the Department) published in the **Federal Register** a notice of initiation of an administrative review of the countervailing duty order on polyethylene terephthalate film, sheet and strip from India, covering the period January 1, 2003, through December 31, 2003. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 69 FR 52857 (August 30, 2004).

On August 10, 2005, the Department published in the **Federal Register** the preliminary results of review. See *Notice of Preliminary Results and Rescission in Part of Countervailing Duty Administrative Review: Polyethylene Terephthalate Film, Sheet and Strip From India*, 70 FR 46483 (August 10, 2005). The final results of review are currently due no later than December 8, 2005.

Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order or finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time limit for the preliminary determination to a maximum of 365 days and the time limit for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

We have determined that it is not practicable to complete the final results of this review within the original time limit because the Department has required additional time to consider a number of complex issues involving certain sales tax incentive programs. Therefore, the Department is extending the time limit for completion of the final results of review by 60 days. We intend to issue the final results of review no later than February 6, 2006.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: November 8, 2005.

Deputy Assistant Secretary for Import Administration.
