The Commission also imposed conditions and required Tier III carriers to file separate status reports by November 21, 2005, and commencing February 1, 2006, additional status reports on a quarterly basis, for a two-year period.

In addition, on October 28, 2005 (FCC 05-182) and on November 3, 2005 (FCC 05-188), in response to requests for relief submitted by certain Tier III carriers, the Commission released orders that granted, in part, limited extensions of the December 31, 2005 requirement, subject to conditions, and required Tier III carriers to file status reports on a quarterly basis, for a two-year period beginning on February 1, 2006. Further, FCC 05-188 required one Tier III carrier, in addition to the quarterly reporting requirements, to submit a compliance plan by November 3, 2006.

The Commission will use the information submitted by Tier III carriers subject to reporting requirements to ensure that they comply with the Commission's E911 requirements and the terms of the underlying orders addressing their requests for waiver relief.
