SUPPLEMENTARY INFORMATION: On October 11, 2005, the Commission published a notice of proposed rulemaking that sought comment on proposed amendments to Commission Regulations 1.10(h), 1.17(c), 145.5, and 147.3.¹ The proposed amendments, if adopted, would permit qualifying futures commission merchants (“FCMs”) that are also registered as securities broker-dealers (“BDs”) to use certain alternative capital charges approved by the Securities and Exchange Commission (“SEC”). The proposed amendments also addressed confidential treatment for the new reports and statements that FCM/BDs using the alternative capital charges would be required to file, and also addressed the confidential treatment of certain other information that all FCM/BDs must file with both the Commission

and the SEC. The release published in the **Federal Register** also included proposed amendments to reduce the capital deductions specified in Regulation 1.17 for uncovered inventory or forward contracts in specified foreign currencies.²

The Commission established a 30-day period for submitting public comment on the proposed amendments, ending November 10, 2005. By letter dated November 9, 2005, an association of securities industry participants, whose members include firms that are registered as FCMs and BDs, requested an extension of the original comment period.³ In response to this request, and in order to ensure that an adequate opportunity is provided for submission of meaningful comments, the Commission has determined to reopen the comment period on the proposed amendments until seven days from the date of publication of this notice in the **Federal Register**.

Issued in Washington, DC, on November 17, 2005, by the Commission.

Jean A. Webb,

Secretary of the Commission.

Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; Indiana; Redesignation of Vigo County 8-Hour Ozone Nonattainment Area to Attainment for Ozone

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to make a determination that the Vigo County ozone nonattainment area has attained the 8-hour ozone National Ambient Air Quality Standard (NAAQS). This proposed determination is based on three years of complete, quality-assured ambient air quality monitoring data for the 2002–2004 seasons that demonstrate that the 8-hour ozone NAAQS has been attained in the area.

EPA is proposing to approve a request from the State of Indiana to redesignate Vigo County to attainment of the 8-hour ozone NAAQS. This request was submitted by the Indiana Department of Environmental Management (IDEM) on July 5, 2005 and supplemented on October 20, 2005 and November 4, 2005. In proposing to approve this request, EPA is also proposing to approve the

State's plan for maintaining the 8-hour ozone NAAQS in this area through 2015 as a revision to the Indiana State Implementation Plan (SIP). EPA is also finding adequate and is proposing to approve the State's 2015 Motor Vehicle Emission Budgets (MVEBs) for this area.
