Substance Abuse and Mental Health Services Administration

Center for Substance Abuse Prevention; Notice of Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Substance Abuse and Mental Health Services Administration (SAMHSA) Drug Testing Advisory Board on December 13-14, 2005.

A portion of the meeting will be open and will include a roll call, general announcements, a Department of Health and Human Services drug testing program update, a Department of Transportation drug testing program update, and a Nuclear Regulatory Commission drug testing program update.

Attendance by the public will be limited to space available. Public comments are welcome. Please communicate with the individual listed below as contact to make arrangements to comment or to request special accommodations for persons with disabilities.

The Board will also meet to develop the final revisions to the proposed Mandatory Guidelines for Federal Workplace Drug Testing Programs that were published in the **Federal Register** on April 13, 2004 (69 FR 19673) and to discuss Federal agency specimen results, medical review officer interpretations, laboratory inspection issues, and analytical instrumentation issues. This meeting will be conducted in closed session since discussing these issues in open session will significantly frustrate the Department's ability to develop the revisions to the Mandatory Guidelines or to disclose information of a personal nature where disclosure would constitute an unwarranted invasion of personal privacy. The HHS Office of General Counsel made the determination that such matters are protected by exemptions (6) and 9(B) of section 552b(c) of title 5 U.S.C. and therefore may be closed to the public.

To facilitate entering the building for the open session, public attendees are
