Background

The Corporation has contracted with the Nelson A. Rockefeller Institute of Government to carry out a Field Network Pilot Study to analyze the potential for increasing the number of VISTA cost-share members. The Pilot Study will consider the implications of such expansion for the organizations where VISTA members serve (hereinafter "sponsors"), given the Corporation's commitment to serve communities in need.

The Field Network Pilot Study VISTA Cost-Sharing Report Form and Survey will be used to assess the reasons why some sponsors cost-share and others do not; the effects of cost-sharing on sponsors; the potential for sponsors who are not currently cost-sharing to do so successfully in the future; current and potential sources of cost-share funds;

and what actions the Corporation should take to help sponsors cost-share. Independent, local field researchers will be employed in collecting the information. During the data-gathering phase the researchers will refer to background information about the Corporation, the VISTA program, and the Field Network method.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Current Information Collection with Revisions; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection

instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning changes to an existing information collection activity, the RSVP Volunteer Survey (OMB Number: 3045-0098), which is a component of the Performance Surveys for its three Senior Corps programs: the Foster Grandparent Program, the Senior Companion Program, and RSVP (Retired and Senior Volunteer Program).

Background: The Volunteer Surveys were conducted in 2004 for all three Senior Corps programs (RSVP, Foster Grandparents, and Senior Companions) to measure outcomes related to the benefits of service for senior volunteers. Using administrative data on the age distribution of volunteers for Senior Corps volunteers, the 2006 surveys will be sent to a targeted sample of RSVP volunteers who are Baby Boomers, and the survey will be revised so that the results will inform the management of a program that is heavily involved in recruiting Baby Boomers to national and community service.

Current Action: The Corporation is requesting comments on plans to revise the survey of Volunteers in RSVP (Retired and Senior Volunteer Program), one of the three main Senior Corps programs. This study is being conducted under contract with Westat, Inc. to collect information about local project volunteer outputs and outcomes. This information is to be used by the Corporation in preparing its Annual Performance Reports and to help program managers to improve the quality of services provided and will aid the Corporation in making grant decisions as well as for responding to ad hoc requests from Congress and other interested parties.
