

Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule.

The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any “class of products” for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA’s regulations at 13 CFR 121.1202 (c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines “class of products” based on six digit coding systems. The first coding system is the Office of Management and Budget North American Industry Classification System (NAICS). The second is the Product and Service Code required as a data entry by the Federal Procurement Data System.

The SBA received a request on July 25, 2005 to waive the Nonmanufacturer Rule for Commercial Cooking Equipment. In response, on August 25, 2005, SBA published in the **Federal Register** a notice of intent to the waiver of the Nonmanufacturer Rule for Commercial Cooking Equipment.

SBA explained in the notice that it was soliciting comments and sources of small business manufacturers of this class of products. In response to this notice, a comment was received from an interested party. Accordingly, based on the available information, SBA has determined that there is a small business manufacturer of this class of products, and, is therefore considering terminating the class waiver of the Nonmanufacturer Rule for Commercial Cooking Equipment, NAICS 333319.
