SUPPLEMENTARY INFORMATION:

Background

On January 11, 2002, President George W. Bush signed into law the Small Business Liability Relief and Brownfields Revitalization Act. This act amended the Comprehensive Environmental Response, Compensation and Liability Act to authorize federal financial assistance for brownfields revitalization, including grants for assessment, cleanup, and job training.

Funding for the brownfields grants is authorized under Section 104(k) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, (CERCLA), 42 U.S.C. 9604(k). Eligibility for brownfields assessment and revolving loan fund grants is limited to "eligible entities" as defined in section 104(k)(1) of CERCLA. These include a General Purpose Unit of Local Government; Land Clearance Authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; Governmental Entity Created by State Legislature; Regional council or group of general purpose units of local government; Redevelopment Agency that is chartered or otherwise sanctioned by a state; State; Indian Tribe other than in Alaska; and Alaska Native Regional Corporation, Alaska Native Village Corporation, and Metlakatla Indian Community. Eligibility for brownfields cleanup grants is limited to "eligible entities" and nonprofits.

In addition, Intertribal Consortia, other than those composed of ineligible Alaskan tribes, are eligible to apply for the brownfields assessment, revolving loan fund, and cleanup grants. Coalitions of eligible governmental entities are eligible to apply for the brownfields revolving loan fund grants, but only one member of the coalition may receive a cooperative agreement.
