SUPPLEMENTARY INFORMATION:**I. Abstract**

The U.S. Census Bureau plans to request an extension of the current Office of Management and Budget (OMB) clearance of the Questionnaire for Building Permit Official (SOC-QBPO). The Census Bureau uses the Computer-Assisted Personal Interviewing (CAPI) electronic questionnaire SOC-QBPO to collect

information from state and local building permit officials, such as (1) the types of permits they issue, (2) the length of time a permit is valid, (3) how they store permits, and (4) the geographic coverage of the permit system. We need this information to carry out the sampling for the Survey of Housing Starts, Sales, and Completions (OMB number 0607-0110), also known as Survey of Construction (SOC). The SOC provides widely used measures of construction activity, including the economic indicators Housing Starts, Housing Completions, and New Housing Sales.

We plan no changes to the SOC-QBPO, the information collection methodology, or the sample size.

II. Method of Collection

The Census Bureau uses its field representatives to obtain information on the operating procedures of a permit office. The field representative visits the permit office, conducts the interview, and completes the electronic form.

III. Data

OMB Number: 0607-0125.

Form Number: SOC-QBPO.

Type of Review: Regular Review.

Affected Public: State and local governments.

Estimated Number of Respondents: 900.

Estimated Time Per Response: 15 minutes.

Estimated Total Annual Burden Hours: 225 hours.

Estimated Total Annual Cost: The cost to the respondents is estimated to be \$4,502 based on an average hourly salary of \$20.01 for state and local government employees.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Section 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or

included in the request for OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau is requesting clearance for the collection of data concerning the Fertility Supplement to be conducted in conjunction with the June 2006 CPS. The Census Bureau sponsors the supplement questions, which were previously collected in June 2004, and have been asked periodically since 1971.

This survey provides information used mainly by government and private analysts to project future population growth, to analyze child spacing, and to aid policymakers in their decisions affected by changes in family size and

composition. Past studies have discovered noticeable changes in the patterns of fertility rates and the timing of the first birth. Potential needs for government assistance, such as aid to families with dependent children, child care, and maternal health care for single parent households, can be estimated using CPS characteristics matched with fertility data.

II. Method of Collection

The fertility information will be collected by both personal visit and telephone interviews in conjunction with the regular June CPS interviewing. All interviews are conducted using computer-assisted interviewing.

III. Data

OMB Number: 0607-0610.

Form Number: There are no forms. We conduct all interviewing on computers.

Type of Review: Regular.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 30,000.

Estimated Time Per Response: 1 minute.

Estimated Total Annual Burden Hours: 500.

Estimated Total Annual Cost: There are no costs to the respondents other than their time to answer the CPS questions.

Respondents' Obligation: Voluntary.

Legal Authority: Title 13, U.S.C. 182; and Title 29, U.S.C., 1-9.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for the Office of Management and Budget approval of this information collection; they also will become a matter of public record.
