SUPPLEMENTARY INFORMATION:

Background

The workshop will include plenary sessions as well as four simultaneous breakout group sessions for in-depth discussion of the topics mentioned above. Each breakout group will address the following topics for a specific tumor type (ovary, mammary gland, prostate, or testis), relevance to human disease outcome of rodent models, proposed modes of action, dose response for tumor induction, predictiveness of rodent pre-neoplastic events for humans, the importance of the inclusion of an in utero exposure in the etiology of specific tumors, and the concept of "additivity to background" when normal hormones are present with homeostatic control mechanisms. The

NTP will prepare a workshop report following the meeting.

Request for Comments

Public input at this meeting is invited and time is set aside for the presentation of public comments during the plenary session on May 22, 2006. Each organization is allowed one speaker during the public comment period. At least 7 minutes will be allotted to each speaker, and if time permits, may be extended to 10 minutes. Registration for oral comments will also be available on-site, although time allowed for presentation by on-site registrants may be less than that for pre-registered speakers and will be determined by the number of persons who register at the meeting.

Written statements can supplement and may expand the oral presentation. If registering on-site and reading from written text, please bring 50 copies of the statement for distribution and to supplement the record. Written comments received in response to this notice will be posted on the NTP Web site (<http://ntp.niehs.nih.gov> select "Meetings and Workshops"). Persons submitting written comments should include their name, affiliation, mailing address, phone, fax, e-mail, and sponsoring organization (if any) with the document.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Security Programs for Indirect Air Carriers

AGENCY: Transportation Security Administration (TSA), DHS.

ACTION: Notice.

SUMMARY: TSA invites public comment on one currently approved information collection requirement abstracted below that we will submit to the Office of Management and Budget (OMB) for renewal in compliance with the Paperwork Reduction Act.

DATES: Send your comments by February 14, 2006.

ADDRESSES: Katrina Wawer, Information Collection Specialist, Office of

Transportation Security Policy, TSA–9, Transportation Security Administration, 601 South 12th Street, Arlington, VA 22202–4220.

FOR FURTHER INFORMATION CONTACT:

Katrina Wawer at the above address or by telephone (571) 227–1995 or facsimile (571) 227–2594.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995, (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to a collection of information, unless it displays a valid OMB control number. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

1652–0004; Security Programs for Indirect Air Carriers, 49 CFR part 1548. This rule prescribes aviation security rules governing each person (including air freight forwarder and any cooperative shippers' association) engaged, or who intends to be engaged, indirectly in the air transportation of package cargo that is intended for carriage aboard a passenger-carrying air carrier aircraft inside the United States. TSA requires that such carriers maintain records of their security programs and make those documents available for inspection upon request by any TSA Inspector. The current estimated annual burden is 1,306 hours.

Issued in Arlington, Virginia, on December 8, 2005.

Lisa S. Dean,

Privacy Officer.
