

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-RCRA-2005-0009, which is available for public viewing at the RCRA Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the RCRA Docket is (202) 566-0270. An electronic version of the public docket is available at <http://www.regulations.gov>. Use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in <http://www.regulations.gov>. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in <http://www.regulations.gov>. For further information about the electronic docket go to <http://www.regulations.gov>.

Title: Used Oil Management Standards Recordkeeping and Reporting Requirements (Renewal).

Abstract: The Used Oil Management Standards, which include information collection requests, were developed in accordance with section 3014 of the Resource Conservation and Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments of 1984 (HSWA), which directs EPA to "promulgate regulations * * * as may be necessary to protect public health and the environment from the hazards associated with recycled

oil" and, at the same time, to not discourage used oil recycling. In 1985 and 1992, EPA established mandatory regulations that govern the management of used oil (see 40 CFR part 279). To document and ensure proper handling of used oil, these regulations establish notification, testing, tracking and recordkeeping requirements for used oil transporters, processors, re-refiners, marketers, and burners. They also set standards for the prevention and cleanup of releases to the environment during storage and transit, and for the safe closure of storage units and processing and re-refining facilities to mitigate future releases and damages. EPA believes these requirements minimize potential hazards to human health and the environment from the potential mismanagement of used oil by used oil handlers, while providing for the safe recycling of used oil. Information from these information collection requirements is used to ensure compliance with the Used Oil Management Standards.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to range from 6 minutes to 23 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are Business or other for profit.

Estimated Number of Respondents: 1,640.

Frequency of Response: Biennially.

Estimated Total Annual Hour Burden: 460,286.

Estimated Total Annual Cost: \$22,478,000, which includes \$0 annualized startup/capital costs, \$10,011,000 annual O&M costs and \$12,467,000 annual labor costs.

There is no change in the burden estimates for this ICR.

Dated: December 12, 2005.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8010-3]

Notification of a Partially Closed Consultation of the Science Advisory Board's Homeland Security Advisory Committee (HSAC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) announces a partially closed consultation of the HSAC.

DATES: The consultation will take place on January 30-31, 2006.

ADDRESSES: This consultation will take place at the EPA's SAB Conference Center located at the Woodies Building, 1025 F Street, NW., Room 3705, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT:

Members of the public who wish to obtain further information regarding this announcement may contact Ms. Vivian Turner, Designated Federal Officer, by telephone: (202) 343-9697 or by e-mail at: turner.vivian@epa.gov. The SAB Mailing address is: U.S. EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC, 20460. General information about the SAB, as well as any updates concerning the consultation announced in this notice, may be found in the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: The EPA's Office of Water (OW) and Office of Research and Development (ORD) have requested a consultation with the SAB's Homeland Security Advisory Committee (HSAC) to obtain the individual advice of the HSAC members on the development of EPA's WaterSentinel (WS) program and Standard Analytical Methods (SAM). The WS program is being developed by the EPA in partnership with drinking water utilities and other key stakeholders in response to Homeland Security Presidential

Directive 9. The initiative involves designing, deploying, and evaluating a model contamination warning system for drinking water security. Another essential component is the need for standardized analytical methods (SAM) to be used by all laboratories for responding to incidents that require rapid analysis. The EPA and other Federal parties, including the Centers for Disease Control and Prevention, the Food and Drug Administration, the Department of Homeland Security, the Federal Bureau of Investigation, the Department of Defense, the Department of Agriculture, and the U.S. Geological Survey, have evaluated the suitability of existing methodologies and selected a set of methods for use by EPA and contract laboratories to analyze environmental samples in times of national emergency. The methods are limited to chemical, biological, radiochemical, and biotoxin analytes in environmental media. The purpose of the consultation is to seek early advice from the individual members of the SAB HSAC regarding the proposed approach, design, adequacy and the future implementation for the WS program and the scientific soundness and adequacy of SAM.

The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the EPA Administrator. The SAB formed the HSAC as a subcommittee of the Chartered SAB to provide independent scientific and technical advice on matters pertaining to the environmental and health consequences of terrorism in response to an EPA request. Background on the HSAC and its charge was provided in a **Federal Register** Notice published on July 30, 2003 (68 FR 44761–44762). For this consultation, the HSAC will be augmented with experts from other SAB committees or individuals previously identified on the HSAC “Short List” (see, <http://www.epa.gov/sab/panels/hsacadhoc.html>).

It is EPA’s policy to follow the provisions of the Federal Advisory Committee Act (FACA) for subcommittees of its chartered advisory committees. Accordingly, in accordance with FACA, EPA has determined that a portion of the SAB’s HSAC consultation on WS will be closed to the public pursuant to section 552b(c)(9)(B) of the Government in the Sunshine Act (5 U.S.C. 552b(c)(9)(B)), which allows closure of a meeting if the “premature disclosure of [the information to be discussed] would * * * be likely to significantly frustrate implementation of a proposed agency action * * *.” This discussion will involve sensitive

national security information relating to specific water sector vulnerabilities and emergency response tactics, including sensitive information relating to intentional contamination events. Also, EPA will present detailed findings about the emergency response capabilities of public health agencies and water utilities. The disclosure of this sensitive national security information would significantly frustrate the Agency’s efforts to protect the nation’s drinking water systems. Therefore, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, 5 U.S.C. App. 2, 10(d), I have determined that the topics identified above will concern matters that, if prematurely disclosed, would significantly frustrate implementation of proposed agency actions. Accordingly, pursuant to 5 U.S.C. 552b(c)(9)(B), this portion of the meeting will be closed to the public.

Availability of Meeting Materials: The agenda and other meeting materials for this consultation will be available prior to the meeting date on the SAB Web site: <http://www.epa.gov/sab>. EPA’s technical documents on the WS program may be found at: <http://www.cfpub.epa.gov/safewater/watersecurity/index.cfm>. EPA’s technical documents on SAM may be found at: <http://www.epa.gov/ordnhsrsrc/pubs/reportSAM092905.pdf>.

Procedures for Providing Public Comment: The SAB Staff Office accepts written public comments of any length, and will accommodate oral public comments whenever possible.

Oral Comments: Requests to provide oral comments must be *in writing* (e-mail, fax or mail) and received by Ms. Turner no later than January 20, 2006 to reserve time on the January 30–31, 2006 meeting agenda. Opportunities for oral comments will be limited to five minutes per speaker.

Written Comments: Written comments should be received in the SAB Staff Office by January 20, 2006 so that the comments may be made available to the members of the HSAC for their consideration. Comments should be supplied to Ms. Turner at the contact information provided above, in the following formats: One hard copy (original signature optional), or one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 98/2000/XP format)).

Accessibility: For information on access or services for individuals with disabilities, please contact Ms. Turner at the phone number or e-mail noted above, preferably at least 10 days prior

to the consultation, to give EPA as much time as possible to process your request.

Dated: December 13, 2005.

Stephen L. Johnson,
Administrator.

FARM CREDIT ADMINISTRATION

Sunshine Act Meeting; Farm Credit Administration Board; Regular Meeting

AGENCY: Farm Credit Administration.

SUMMARY: Notice is hereby given, pursuant to the Government in the Sunshine Act (5 U.S.C. 552b(e)(3)), that the January 12, 2006 regular meeting of the Farm Credit Administration Board (Board) has been rescheduled. The regular meeting of the Board will be held Friday, January 6, 2006 starting at 9 a.m. An agenda for this meeting will be published at a later date.

FOR FURTHER INFORMATION CONTACT:

Jeanette C. Brinkley, Secretary to the Farm Credit Administration Board, (703) 883–4009, TTY (703) 883–4056.

ADDRESSES: Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102–5090.

Dated: December 14, 2005.

Jeanette C. Brinkley,
Secretary, Farm Credit Administration Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Scientific Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that on November 23, 2005, the Department of Health and Human Services (HHS) Debarring Official, on behalf of the Secretary of HHS, issued a final notice of debarment based on the scientific misconduct findings of the U.S. Public Health Service (PHS) in the following case:

Jessica Lee Grol, University of Pittsburgh: Based on the report of an investigation conducted by the University of Pittsburgh (UP) and additional analysis conducted by the Office of Research Integrity (ORI) in its oversight review, HHS found on October 17, 2005, that Ms. Grol, former Research Project Coordinator, Department of Neurological Surgery, UP, engaged in
