

print a copy of the payment statement and that approximately 52,439 maintenance fee payments per year will be submitted online, for a total of 52 hours per year for printing this receipt. Using the paraprofessional rate of \$81 per hour, the USPTO estimates that the recordkeeping cost associated with this collection will be approximately \$4,212 per year.

The public may submit the forms and petitions in this collection to the USPTO by mail through the United States Postal Service. If the submission is sent by first-class mail, the public may also include a signed certification of the date of mailing in order to receive credit for timely filing. The USPTO estimates that the average first-class postage cost for a mailed submission will be 39 cents, and that customers filing a Maintenance Fee Transmittal

Form, a "Fee Address" Indication Form, or any of the petitions included in this collection may choose to mail their submissions to the USPTO. Therefore, the USPTO estimates that up to 322,267 submissions per year may be mailed to the USPTO, for a total postage cost of \$125,684 per year.

This collection also has filing costs in the form of patent maintenance fees, surcharges for late payment of maintenance fees, and petition fees. Under 37 CFR 1.20(e)-(g), the patent maintenance fees due at 3½ years, 7½ years, and 11½ years after the date of grant are \$900, \$2,300, and \$3,800 respectively (\$450, \$1,150, and \$1,900 for small entities). The surcharge under 37 CFR 1.20(h) for paying a maintenance fee during the six-month grace period following the above intervals is \$130 (\$65 for small entities).

The surcharge under 37 CFR 1.20(i) for a petition to accept a maintenance fee after the six-month grace period for these intervals has expired is \$700 where the delayed payment is shown to be unavoidable and \$1,640 where the delayed payment is shown to be unintentional. The filing fee listed in 37 CFR 1.17(g) for a petition to review the refusal to accept the payment of a maintenance fee filed prior to the expiration of a patent is \$200. The filing fee listed in 37 CFR 1.17(f) for a petition for reconsideration of the decision on a petition refusing to accept the delayed payment of a maintenance fee in an expired patent is \$400. The USPTO estimates that the total filing costs associated with this collection will be \$436,355,695 per year as calculated in the accompanying table.

Background

Since the President's Call to Service, many Americans have expressed a renewed desire to serve their country by volunteering in their community. Now, we have an obligation to ensure that Americans have quality opportunities to serve. The Corporation for National and Community Service (the "Corporation") has amended the regulations that apply to the AmeriCorps national service program to clarify the Corporation's requirements for program sustainability, performance measures and evaluation, capacity-building activities by AmeriCorps members, qualifications for tutors, and other requirements. The implementation of these changes through the rulemaking process includes ensuring the Corporation's information collection instruments accurately reflect these issues. In an effort to be compliant while maintaining functions essential to the operations of each State Commission and AmeriCorps program, we are submitting the enclosed request to OMB for approval of information collection activities. This submission includes application instructions for AmeriCorps State

Competitive, State Education Award, National Direct, National Direct Education Award Program, National Professional Corps, Indian Tribes, States and Territories without Commissions, and National Planning programs.
