

the Lakeshore since the current 1979 general management plan, changes in visitor use patterns, adequacy and sustainability of existing visitor facilities and park operations, and management of natural and cultural resources. The environmental impact statement will evaluate the potential environmental impacts of the alternative management approaches and the possible designation of wilderness within the Lakeshore.

As the first phase of the planning process, the NPS is beginning to scope the issues to be addressed in the GMP/WS/EIS. All interested persons, organizations, and agencies are encouraged to submit comments and suggestions on issues and concerns that should be addressed in the GMP/WS/EIS, and the range of appropriate alternatives that should be examined.

DATES: The NPS is planning to begin public scoping with State and Federal Agencies; associated American Indian tribes; neighboring communities; county commissioners; local organizations, researchers and institutions; the congressional delegation; and other interested members of the public. In addition, the NPS will hold public scoping meetings regarding the GMP/WS/EIS. Specific dates, times, and locations will be announced through a variety of media, including on the Internet at the Planning, Environment, and Public Comment (PEPC) website (<http://parkplanning.nps.gov/>). In addition to attending the scoping meetings, people wishing to provide input to this initial phase of developing the GMP/WS/EIS may mail or email comments to the Superintendent at the addresses below.

Written comments concerning the scope of the GMP/WS/EIS will be accepted for 60 days from the publication of this notice.
