

II. Desired Focus of Comments

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection requirement related to Roof Control Plans. MSHA is particularly interested in comments that:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of MSHA's functions, including whether the information has practical utility;

- * Evaluate the accuracy of MSHA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and

- * Address the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submissions of responses) to minimize the burden of the collection of information on those who are to respond.

A copy of the proposed information collection request can be obtained by contacting the employee listed in the **ADDRESSES** section of this notice or viewed on the Internet by accessing the MSHA home page (<http://www.msha.gov>) and then choosing "Compliance Assistance", "Compliance Information" and the "Paperwork Reduction Act Submissions."

II. Current Actions

Falls of roof, face and rib continue to be a cause of injuries and death in underground coal mines. All underground coal mine operators are required to develop and submit roof control plans to MSHA for evaluation and approval. These plans provide the means to instruct miners, who install roof supports, and the minimum requirements and placement of roof supports. The plan also provides a reference for mine supervisors to assist them in compliance with the plan requirements. In that regard the plan is a working document for the miners.

Type of Review: Extension.

Agency: Mine Safety and Health Administration.

Title: Roof Control Plan.

OMB Number: 1219-0004.

Recordkeeping: Indefinite.

Frequency: On Occasion.

Affected Public: Business or other for-profit.

Total Number of Responses: 2,465.

Total Burden Hours: 6,919.

Total Burden Cost (operating/maintaining): \$4,630.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated at Arlington, Virginia, this 3rd day of January, 2006.

David L. Meyer,

Director, Office of Administration and Management.

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Prepare a Programmatic Environmental Impact Statement for the National Science Foundation To Address Potential Impacts on the Marine Environment Related to the United States Implementing Organization's Participation in the Integrated Ocean Drilling Program

AGENCY: National Science Foundation.
ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) announces its intent to prepare a Programmatic Environmental Impact Statement (EIS) to evaluate the potential environmental impacts associated with the NSF funding of the United States Implementing Organization's (USIO) participation in the Integrated Ocean Drilling Program (IODP). This EIS is being prepared and considered in accordance with requirements of the National Environmental Policy Act (NEPA) of 1969, regulations of the President's Council on Environmental Quality (40 CFR parts 1500 through 1508), and NSF's National Environmental Policy Act Implementing Procedures (45 CFR 640.1-640.5). The National Marine Fisheries Service (NMFS), a part of the National Oceanic and Atmospheric Administration (NOAA), is being invited to be a cooperating agency in the preparation of the Programmatic EIS.

Publication of this notice begins the official scoping process that will help identify alternatives and determine the scope of environmental issues to be addressed in the Programmatic EIS/OEIS. This notice requests public participation in the scoping process and provides information on how to participate.

Addresses and Dates

The public scoping period starts with the publication of this Notice in the **Federal Register** and will continue until March 6, 2006. NSF will consider all comments received or postmarked by that date in defining the scope of this EIS. Comments received or postmarked after that date will be considered to the extent practicable. Public scoping meetings will provide the public with an opportunity to present comments,
