More information on both the Program Summary and Data Submission Plan is available at <http://www.epa.gov/waterscience/beaches/grants/>.

States and territories must submit application packages to the appropriate EPA Regional Office by April 11, 2006. EPA will make an award after the Agency reviews the documentation and confirms that the program meets the applicable requirements. The Office of Management and Budget has authorized EPA to collect this information (BEACH Act Grant Information Collection Request, OMB control number 2040-0244). Please contact the appropriate EPA Regional Office for a complete application package. What Should a Tribe's Notice of Interest Contain?

The Notice of Intent should include the Tribe's name and the name and telephone number of a contact person.

Are Quality Assurance and Quality Control (QA/QC) Required for Application?

Yes. Three specific QA/QC requirements must be met to comply with EPA's performance criteria for grants:

(1) Applicants must submit documentation that describes the quality system implemented by the State, Tribe, or local government. Documentation may be in the form of a Quality Management Plan or equivalent documentation.

(2) Applicants must submit a quality assurance project plan (QAPP) or equivalent documentation.

(3) Applicants are responsible for submitting documentation of the quality system and QAPP for review and approval by the EPA Quality Assurance Officer or his designee before they take primary or secondary environmental measurements. More information about the required QA/QC procedures is available in Chapter Four and Appendix H of *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004).

Are There Reporting Requirements?

Recipients must submit annual performance reports and financial

reports as required in 40 CFR 31.40 and 31.41. The annual performance report explains changes to the beach monitoring and notification program during the grant year. It also describes how the grant funds were used to implement the program to meet the performance criteria listed in *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004). The annual performance report required under 40 CFR 31.40 is due no later than 90 days after the grant year. Recipients must also submit annual monitoring and notification reports required under by the *National Beach Guidance and Required Performance Criteria for Grants*; (EPA-823-B-02-004). Sections 2.2.3 and 4.3 of the document contain the performance criterion requiring an annual monitoring report, and sections 2.2.8 and 5.4 contain the performance criterion requiring an annual notification report. This document can be found at <http://www.epa.gov/waterscience/beaches/grants/>. These reports, required to be submitted to EPA by States, Tribes and Territories under CWA section 406(b)(3)(A), include data collected as part of a monitoring and notification program. As a condition of award of an implementation grant, EPA requires that the monitoring report and the notification report for any beach season be submitted not later than January 31 of the year following the beach season. (See section II, Funding and Eligibility, above.)

What Regulations and OMB Cost Circular Apply to the Award and Administration of These Grants?

The regulations at 40 CFR Part 31 govern the award and administration of grants to States, Tribes, local governments, and Territories under CWA sections 406(b). Allowable costs will be determined according to the cost principles outlined in OMB Cost Circular A-87.
