2. For each current unreviewed service (or product) that fairly falls within the meaning of the final rule, the Postal Service shall file, not later than June 1, 2006, a request for a recommended decision to establish such service as a permanent or experimental classification.

3. The Postal Service shall file, not later than June 1, 2006, a list identifying and providing a brief description of each current unreviewed service that, in its opinion, falls outside the meaning of the final rule.

4. The Secretary shall arrange for publication of this Order in the **Federal Register**.

By the Commission.
Steven W. Williams,
Secretary.

List of Subjects in 39 CFR Part 3001

Administrative practice and procedure, Postal service.

■ For the reasons discussed above, the Commission amends 39 CFR part 3001 as follows:

PART 3001—RULES OF PRACTICE AND PROCEDURE

■ 1. The authority citation for part 3001 continues to read as follows:

Authority: 39 U.S.C. 404(b); 3603; 3622–24; 3661, 3663.

Subpart A—Rules of General Applicability

■ 2. Amend § 3001.5 by adding new paragraph (s) to read as follows:

§ 3001.5 Definitions.

BILLING CODE 7710-FW-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 60 and 61

[AZ, CA, HI, NV–075–NSPS; FRL–8013–4]

Delegation of New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants for States of Arizona, California, Hawaii, and Nevada

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is finalizing updates for delegation of certain federal standards to state and local agencies in Region IX. This document is addressing general authorities mentioned in the regulations for New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants, updating the delegations tables and clarifying those authorities that are retained by EPA.

DATES: This rule is effective on March 20, 2006 without further notice, unless EPA receives adverse comments by February 16, 2006. If we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

ADDRESSES: Submit comments, identified by docket number [Docket Number], by one of the following methods:

1. Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions.
2. E-mail: steckel.andrew@epa.gov.
3. Mail or deliver: Andrew Steckel (Air–4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901.

Instructions: All comments will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through <http://www.regulations.gov> or e-mail. [Http://www.regulations.gov](http://www.regulations.gov) is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due

to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Docket: The index to the docket for this action is available electronically at <http://www.regulations.gov> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Cynthia G. Allen at (415) 947–4120, U.S. Environmental Protection Agency, Region IX, Rulemaking Office (AIR–4), 75 Hawthorne Street, San Francisco, California 94105.

SUPPLEMENTARY INFORMATION: The supplementary information is organized in the following order:

What Is the Purpose of This Document?
 Who Is Authorized To Delegate These Authorities?

What Does Delegation Accomplish?
 What Authorities Are Not Delegated by EPA?
 Does EPA Keep Some Authority?
 Administrative Requirements

What Is the Purpose of This Document?

Today’s action will update the delegation tables in 40 CFR parts 60 and 61, to allow easier access by the public to the status of delegations in various state or local jurisdictions. We are following the general procedures described in 67 FR 20652 (April 26, 2002). The updated delegation tables will include the delegations approved in response to recent requests, as well as those previously granted. Those tables are shown at the end of this document.

Recent requests for delegation that will be incorporated into the CFR tables are identified below. Each individual submittal identifies the specific NSPS and NESHAPS for which delegation was requested. All of these requests have already been approved by letter and simply need to be included in the CFR.

Agency	Date of request
Hawaii Department of Health.	April 20, 2004.
Nevada Division of Environmental Protection.	December 27, 2004, June 22, 2005, and August 17, 2005.
Pima County Department of Environmental Quality.	November 8, 2004.
San Joaquin Valley Air Pollution Control District.	September 28, 2004.

Who Is Authorized To Delegate These Authorities?

Sections 111(c)(1) and 112(l) of the Clean Air Act, as amended in 1990, authorize the Administrator to delegate his or her authority for implementing and enforcing standards in 40 CFR parts 60 and 61.

What Does Delegation Accomplish?

Delegation grants a state or local agency the primary authority to implement and enforce federal standards. All required notifications and reports should be sent to the delegated state or local agency, as appropriate, with a copy to EPA Region IX. Acceptance of delegation constitutes agreement by the state or local agency to follow 40 CFR parts 60 and 61, and EPA's test methods and continuous monitoring procedures.

What Authorities Are Not Delegated by EPA?

In general, EPA does not delegate to state or local agencies the authority to make decisions that are likely to be nationally significant, or alter the stringency of the underlying standards. For a more detailed description of the authorities in 40 CFR parts 60 and 61 that are retained by EPA, please see the proposed rule published on January 14, 2002 (67 FR 1676).

As additional assurance of national consistency, state and local agencies must send to EPA Region IX Air Division's Enforcement Office Chief a copy of any written decisions made pursuant to the following delegated authorities:

- Applicability determinations that state a source is not subject to a rule or requirement;
- Approvals or determination of construction, reconstruction or modification;
- Minor or intermediate site-specific changes to test methods or monitoring requirements; or
- Site-specific changes or waivers of performance testing requirements.

For decisions that require EPA review and approval (for example, major changes to monitoring requirements), EPA intends to make determinations in a timely manner.

In some cases, the standards themselves specify that specific provisions cannot be delegated. State and local agencies should review each individual standard for this information.

Does EPA Keep Some Authority?

EPA retains independent authority to enforce the standards and regulations of 40 CFR parts 60 and 61.

Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing delegation requests, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority

to disapprove a delegation request for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a request for delegation, to use VCS in place of a submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 20, 2006. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

Kerry Drake,

Acting Director, Air Division, Region IX.

■ For the reasons set out in the preamble, title 40, chapter I, of the Code of Federal Regulations is amended as follows:

PART 60—[AMENDED]

Subpart A—General Provisions

§ 60.4 Address.

■ 1. The authority citation for part 60 continues to read as follows:

Subpart—General Provisions

§ 61.04 Address.

PART 61—[AMENDED]

■ 1. The authority citation for part 61 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

■ 2. Section 61.04 is amended by revising paragraphs (c)(9)(i), (c)(9)(ii)(G), (c)(9)(iii) and (c)(9)(iv) to read as follows:

(c) * * *
