

CITA is soliciting public comments regarding this request, particularly with respect to whether these yarns or substitutable yarns can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be received by no later than February 3, 2006. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, DC 20230.

If a comment alleges that these yarns or substitutable yarns can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarns stating that it produces the yarns that are the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production. Similarly, if a comment alleges that these yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

National Civilian Community Corps (NCCC) Advisory Board Meeting

AGENCY: Corporation for National and Community Service.

ACTION: Cancellation and announcement of a NCCC Advisory Board meeting.

SUMMARY: The Corporation for National and Community Service is issuing this

notice under Public Law 92-463 (Federal Advisory Committee Act) to advise the public that the January 19, 2006 meeting of the AmeriCorps NCCC Advisory Board has been cancelled and replaced with a February 8, 2006 meeting. The Board advises the Director of the NCCC concerning the administration of the program and assists in the development and administration of the Corps:

Date and Time: Wednesday, February 8, 2006, 10 a.m.–4 p.m.

Place: Corporation for National and Community Service, 1201 New York Avenue, NW., 8th Floor, Room 8312, Washington, DC 20525.

Status: Open.

Matters To Be Considered: The Board will discuss a proposal that establishes two new committees of the Advisory Board, which should result in the Board being in a position to better support and advance the overall goals and objectives of the NCCC. These two committees will be concerned primarily with Board development and strategic initiatives, respectively.

Accommodations: Upon request, meeting notices will be made available in alternative formats to accommodate visual and hearing impairments. Anyone who needs an interpreter or other accommodation should notify the Corporation's contact person by 5 p.m. Thursday, February 2, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Erma Hodge, Executive Assistant, NCCC, Corporation for National and Community Service, 10th Floor, 202-606-6696. E-mail: ehodge@cns.gov.

Dated: January 12, 2006.

Merlene Mazyck,

Director, National Civilian Community Corps.

Department of the Army

Notice of Availability (NOA) for the Supplemental Final Environmental Impact Statement (SFEIS) for the Proposed Addition of Maneuver Training Land at Fort Irwin, CA

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: This announces the availability of the SFEIS for the Proposed Addition of Maneuver Training Land at Fort Irwin. The SFEIS assesses the potential environmental impacts of the addition of maneuver lands to supplement the current training corridors at the National Training Center at Fort Irwin in the Mojave Desert of California by approximately 118,674 acres. The proposed expanded maneuver training will improve necessary field training by providing a more realistic battle corridor. The cooperating agencies for this project are: Bureau of Land Management (as the administrator of the vast majority of the lands within the study area), the National Aeronautics and Space Administration (as a tenant on Fort Irwin), and the Federal Aviation Administration (as some of the alternatives involve possible changes to airspace).

DATES: The waiting period for the SFEIS will end 30 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency. No sooner than the expiration of the waiting period, the Army will sign a Record of Decision (ROD). A Notice of Availability of the ROD will also be published in the **Federal Register**.

ADDRESSES: Direct questions and/or written comments regarding the SFEIS to, or request a copy of the document from, Ms. Jennifer Barry, Strategic Planning Office, PO Box 10309, Fort Irwin, California 92310.

FOR FURTHER INFORMATION CONTACT: Ms. Jennifer Barry at (760) 380-6174; by e-mail at Jennifer.Barry@irwin.army.mil; or by facsimile at (760) 380-6171.

SUPPLEMENTARY INFORMATION: The SFEIS analyzed the following six alternatives to meet the need for additional maneuver training lands at Fort Irwin:

(1) Alternative 1 (preferred alternative) analyzed expanding training to the east and west to include reintroduction of training in Fort Irwin lands previously set aside to the south (UTM 90 area). Additional lands totaling approximately 150,510 acres would be added to the available training lands.

(2) Alternative 2 analyzed expanding training to the east and the south, including the UTM 90 area. Additional lands totaling approximately 156,340 acres would be added to the available training lands.

(3) Alternative 3 analyzed expanding training to the east. Additional lands totaling approximately 48,760 acres would be added to the available training lands.

(4) Alternative 4 analyzed expanding training to the east, west, and south to include reintroducing the UTM 90 area. Additional lands totaling approximately 185,301 acres would be added to the available training lands.

(5) Alternative 5 analyzed expanding training to the east and reintroduction of the UTM 90 area. Additional lands totaling approximately 72,060 acres would be added to the available training lands.

(6) Alternative 6 analyzed no action, under which no expansion would occur and training would continue as currently exists. The Congressionally withdrawn lands would be managed under the Interim Management Plan until further disposition was decided.

Public involvement for this project has included five scoping sessions held for the Supplemental Draft Environmental Impact Statement (SDEIS) which began in November 2001 and ended in January 2002; a 45-day public review of the SDEIS, with a 15-day extension; and public hearings at various locations throughout southern California to receive public comment on the SDEIS. Written comments and other forms of input from public and private entities were addressed in the SFEIS.

Copies of the SFEIS are available for review at the following libraries: Library of Congress; Riverside Main Library; San Diego County Library; and San Bernardino County Libraries at the following locations: Hesperia, San Bernardino, Apple Valley, Trona, Barstow, Big Bear, Lucerne Valley, Victorville, Wrightwood, and Yucca Valley.

The SFEIS may also be viewed at the Land Expansion Web Site: <http://fortirwindlandexpansion.com>.

Dated: January 10, 2006.

Addison D. Davis, IV,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health) DASA (ESOH).

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement for the Wilmington Harbor-96 Act, General Reevaluation Report, New Hanover County, NC

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The Wilmington Harbor-96 Act project is being constructed for the purpose of enhancing commercial shipping the Cape Fear River and Northeast Cape Fear River, and the State Port in Wilmington, New Hanover County, NC. The project, including turning basin and mitigation efforts were originally addressed in an Environmental Impact Statement, *Cape Fear—Northeast Cape Fear Rivers Comprehensive Study, Wilmington, NC*, dated June 1996, which was supplemented by an Environmental Assessment, *Preconstruction Modifications of Authorized Improvements, Wilmington Harbor, NC*, dated February 2000. However since then, the need for new project features and mitigation issues have arisen. In order to address these issues, a General Reevaluation Report (GRR) will be prepared, and a Draft Environmental Impact Statement (DEIS) will be included as a part of this process. The GRR and DEIS will address the proposed relocation of a turning basin in the Northeast Cape Fear River, and a reevaluation of alternatives for fish passage at the three locks and dams on the Cape Fear River.

FOR FURTHER INFORMATION CONTACT:

Questions about the proposed action and DEIS can be answered by: Mr. Jeff Richter, Environmental Resources Section; U.S. Army Engineer District, Wilmington; Post Office Box 1890; Wilmington, NC 28402-1890; telephone: (910) 251-4636.

SUPPLEMENTARY INFORMATION: The existing basin used for turning ships in the Northeast Cape Fear River is downstream of the major terminal, and there are two bridges between the basin and terminal. Usually the ships transit
