Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the web site that enables subscribers to receive e-mail

notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 659-013]

Crisp County Power Commission; Notice of Availability of Environmental Assessment

January 18, 2006.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR Part 380), Commission staff have prepared an environmental assessment (EA) that analyzes the environmental impacts of allowing Crisp County Power Commission, licensee for the Lake Blackshear Hydroelectric Project (FERC No. 659), to amend the existing project boundary. The licensee proposes to amend the Lake Blackshear Project's boundary to include a 3.2 acre increase in the lake surface area in association with a proposed subdivision on Lincolmpinch Cove. The proposed subdivision would include 16 lots and would extend the inlet to provide lake frontage to the proposed lots. The extension would be created by excavating wetland areas bordering the cove to a depth of approximately 4 feet below the normal water surface elevation of Lake Blackshear. The licensee proposes to maintain the project boundary at the 237-foot msl contour, and extend the boundary along this contour to encompass the additional area that would be excavated and inundated in association with the construction of the subdivision. In addition to excavating the cove area, the developer would dredge a 4-foot-deep by 40-foot-wide channel from Lake Blackshear to the cove to allow water from the lake to fill the cove.

A copy of the EA is attached to a Commission order titled "Order Approving Change in Project Boundary," which was issued on January 13, 2006, and is available for review and reproduction at the Commission's Public Reference Room,

located at 888 First Street, NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (prefaced by P-) and excluding the last three digits, in the docket number field to access the document.
