AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Audio Division, at the request of Linda A. Davidson, allots Channel 267A at Barstow, California, as the community’s third local FM transmission service. See 68 FR 42664, July 18, 2003. The coordinates for Channel 267A at Barstow are 34–53–55 North Latitude and 117–01–19 West Longitude. Because Barstow is located within 320 kilometers (199 miles) of the U.S.-Mexican border, Mexican concurrence has been requested. However, concurrence of the Mexican government has not yet been received. If a construction permit for Channel 267A at Barstow is granted prior to the Commission’s receipt of formal concurrence in the allotment by the Mexican Government, the construction permit will include the following condition: “Use of this allotment is subject to suspension, modification, or termination without right to hearing, if found by the Commission to be necessary in order to conform to the 1992 USA-Mexico FM Broadcast Agreement or if specifically objected to

by Mexico's Secretaria de Comunicaciones Y Transportes." See Supplementary Information, *infra*.

DATES: Effective February 21, 2006. The window period for filing applications for these channels will not be opened at this time. Instead, the issue of opening filing windows for these allotments for auction will be addressed by the Commission in a subsequent order.
