Food and Nutrition Service

Emergency Food Assistance Program; Availability of Commodities for Fiscal Year 2006

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased commodities that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under the Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2006. The commodities made available under this notice must, at the discretion of the State, be distributed to eligible recipient agencies for use in preparing meals, and/or for distribution to households for home consumption.

DATES: Effective: October 1, 2005.

FOR FURTHER INFORMATION CONTACT:

Lillie Ragan, Assistant Branch Chief, Policy Branch, Food Distribution Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Alexandria, Virginia 22302-1594 or telephone (703) 305-2662.

SUPPLEMENTARY INFORMATION: In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7502, and the Food Stamp Act of 1977, 7 U.S.C. 2011, *et seq.*, the Department makes commodities and administrative funds available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with 7 CFR 251.3(h), each State's share of TEFAP commodities and administrative funds is based 60 percent on the number of low-income households within the State and 40 percent on the number of unemployed persons within the State. State officials are responsible for

establishing the network through which the commodities will be used by eligible recipient agencies (ERAs) in providing nutrition assistance to those in need, and for allocating commodities and administrative funds among those agencies. States have full discretion in determining the amount of commodities that will be made available to ERAs for use in preparing meals, and/or for distribution to households for home consumption.

The types of commodities the Department expects to make available to States for distribution through TEFAP in FY 2006 are described below.

Surplus Commodities

Surplus commodities donated for distribution under TEFAP are Commodity Credit Corporation (CCC) commodities purchased under the authority of section 416 of the Agricultural Act of 1949, 7 U.S.C. 1431 (section 416) and commodities purchased under the surplus removal authority of section 32 of the Act of August 24, 1935, 7 U.S.C. 612c (section 32). The types of commodities typically purchased in section 416 included dairy, grains, oils, and peanut products. The types of commodities purchased under section 32 include meat, poultry, fish, vegetables, dry beans, juices, and fruits.

In FY 2006, the Department anticipates that there will be sufficient quantities of fresh apples, frozen and canned asparagus, canned apple juice, pineapple juice, and cranberry juice concentrate, canned apricots, applesauce, mixed fruit, peaches, dehydrated potatoes, and fresh and canned sweet potatoes under section 32, to support the distribution of these commodities through TEFAP. Other surplus commodities may be made available to TEFAP later in the year. The Department would like to point out that commodity acquisitions are based on changing agricultural market conditions; therefore, the availability of commodities is subject to change.

Approximately \$57.7 million in surplus commodities purchased in FY 2005 are being delivered to States in FY 2006. These commodities include fresh apples, frozen and canned asparagus, canned apple juice, pineapple juice, and cranberry juice concentrate, canned apricots, applesauce, mixed fruit, peaches, dehydrated potatoes, and fresh and canned sweet potatoes.

Purchased Commodities

In accordance with section 27 of the Food Stamp Act of 1977, 7 U.S.C. 2036, the Secretary is directed annually, through FY 2007, to purchase \$140

million worth of commodities for distribution through TEFAP. These commodities are made available to States in addition to those surplus commodities which otherwise might be provided to States for distribution under TEFAP. However, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2006, (Public Law 109-97) permits States to convert any of their entire fair share of \$10 million of these funds to administrative funds to pay costs associated with the distribution of TEFAP commodities at the State and local level.

For FY2006, the Department anticipates purchasing the following commodities for distribution through TEFAP: Dehydrated potatoes, corn syrup, egg mix, blackeye beans, great northern beans, kidney beans, lima beans, pinto beans, dried plums, raisins, bakery mix, lowfat bakery mix, egg noodles, white and yellow corn grits, macaroni, oats, peanut butter, rice, spaghetti, vegetable oil, rice cereal, corn flakes, corn squares, oat cereal, bran flakes, frozen ground beef, frozen chicken, frozen ham, frozen turkey roast, and the following canned items: Green beans, refried beans, vegetarian beans, carrots, cream corn, whole kernel corn, sliced potatoes, spaghetti sauce, tomatoes, tomato sauce, tomato soup, vegetarian soup, apple juice, cranapple juice, grapefruit juice, orange juice, pineapple juice, tomato juice, apricots, peaches, pineapples, applesauce, pears, plums, beef, beef stew, chicken, port, tuna, turkey, and roasted peanuts. The amounts of each item purchased will depend on the prices the Department must pay, as well as the quantity of each item request by the States. Changes in agricultural market conditions may result in the available of additional types of commodities or the non-availability of one or more types listed above.

Dated: January 17, 2006.

Roberto Salazar,

Administrator.

SUPPLEMENTARY INFORMATION:

Background

The Codex Alimentarius (Codex) was established in 1963 by two United Nations organizations, the Food and Agriculture Organization (FAO) and the World Health Organization (WHO). Codex is the major international organization for encouraging fair international trade in food and protecting the health and economic interests of consumers. Through

adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to ensure that the world's food supply is sound, wholesome, free from adulteration, and correctly labeled.

The Codex Committee on Milk and Milk Products was established to elaborate codes, guidelines, standards and related texts for Milk and Milk Products. The committee is hosted by New Zealand.

Issues To Be Discussed at the Public Meeting

The following items on the Agenda for the 7th Session of the Committee will be discussed during the public meeting:

- Matters referred to the Committee from other Codex bodies.
 - Review of the Proposed Draft and Draft Revised Standards: Dairy Spreads; Processed Cheese; Individual Cheeses; and Whey Cheeses.
 - Proposed Standards for Products in Which Milkfat is Substituted for by Vegetable Fat.
 - Model Export Certificate for Milk Products.
 - Specific Food Additive Listings for the Codex Standard for Fermented Milk Products.
 - Discussion Papers on new work on Fermented Milk Drinks, Naming of Non Standardized Dairy Products, and on an Amendment to the List of Additives Included in the Codex Standard for Creams and Prepared Creams.
- Each issue listed will be fully described in documents distributed, or to be distributed, by the New Zealand Secretariat prior to the Meeting. Members of the public may access or request copies of these documents (see **ADDRESSES**).

Public Meeting

At the March 14th public meeting, draft U.S. positions on the agenda items will be described, discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to the U.S. Delegate for the 7th Session of CCMMP, Mr. Duane Spomer, (see **ADDRESSES**). Written comments should state that they relate to activities of the 7th Session of the CCMMP.

Additional Information

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with

disabilities are aware of this notice, FSIS will announce it on-line through the FSIS web page located at http://www.fsis.usda.gov/regulations/2005_Notices_Index/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding SSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meeting, recalls, and other types of information that could affect or would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an e-mail subscription service which provides an automatic and customized notification when popular pages are updated, including **Federal Register** publications and related documents. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/ and allows FSIS customers to sign up for subscription options across eight categories.

Options range from recalls to export information to regulations, directives and notices.

Done at Washington, DC on January 24, 2006.
