Rexnord Disc Coupling Operation, Coupling Division Warren, PA; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated December 30, 2005, the International Association of Machinists and Aerospace Workers, Lodge No. 2304, ("the Union") requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers of the subject firm. The Department's determination was issued on December 16, 2005. The Department's Notice was published in the **Federal Register** on January 5, 2006 (71 FR 620).

The negative determination was based on the findings that company sales and production did not decline from 2003 through 2004, and January through October 2005 over the corresponding 2004 period. The determination also stated that the subject firm shifted plant production to Auburn, Alabama.

In the request for reconsideration, the Union alleges that the subject firm increased imports, is shifting production to China and bringing back the finished product.

The Department carefully reviewed the Union's request for reconsideration and has determined that the Department will conduct further investigation based on new information provided by the Union and a more careful analysis of the record.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Slater Screen Print Corporation; Pawtucket, RI; Slater Dye Works, Inc.; Pawtucket, RI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on September 14, 2005 applicable to workers of Slater Screen Print Corporation, Pawtucket, Rhode Island and Slater Dye Works, Inc., Pawtucket, Rhode Island. The notice was published in the **Federal Register** on October 6, 2005 (70 FR 58477).

The Department voluntarily reviewed the certification for workers of the

subject firm. The workers were engaged in the production of printed fabric; they are not separately identifiable by product line.

New findings show that there was a previous certification, TA-W-52,384, issued on September 2, 2003, for workers of Slater Screen Print Corporation, Pawtucket, Rhode Island and Slater Dye Works, Inc., Pawtucket, Rhode Island who were engaged in employment related to the production of printed fabric. That certification expired September 2, 2005. To avoid an overlap in worker group coverage, this certification is being amended to change the impact date for workers of the subject firm from August 15, 2004 to September 3, 2005.

The amended notice applicable to TA-W-57,749 and TA-W-57,749A are hereby issued as follows:

"All workers of Slater Screen Print Corporation, Pawtucket, Rhode Island (TA-W-57,749) and Slater Dye Works, Inc., Pawtucket, Rhode Island (TA-W-57,749A), who became totally or partially separated from employment on or after September 3, 2005, through September 14, 2007, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed at Washington, DC, this 13th day of January 2006.

Texstyle, Inc.; Manchester, KY; Notice of Revised Determination on Reconsideration

On December 22, 2005, the Department of Labor issued a Notice of Affirmative Determination Regarding Application for Reconsideration applicable to the subject firm. The Notice will soon be published in the **Federal Register**.

During the initial investigation, the Department found that workers did not produce an article or support an affiliated domestic production facility during the relevant period.

During the reconsideration investigation, it was found that production of home furnishings occurred at the subject facility during

the relevant period. The investigation also revealed that the subject facility closed in December 2005 and that subject company imports increased following the production shift abroad.

The August 16, 2005 petition, filed by the subject company, did not request Alternative Trade Adjustment Assistance (ATAA).

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that a shift of production to China followed by increased imports of home furnishings contributed importantly to worker separations at the subject firm.

In accordance with the provisions of the Act, I make the following certification:

“All workers of TexStyle, Inc., Manchester, Kentucky, who became totally or partially separated from employment on or after August 16, 2004, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.”
