CONSUMER PRODUCT SAFETY COMMISSION
16 CFR Part 1000

Statement of Organization and Functions

AGENCY: Consumer Product Safety Commission.

ACTION: Final rule.

SUMMARY: The Consumer Product Safety Commission (CPSC or Commission) is amending its statement of organization and functions to reflect changes in the Commission’s organization as well as editorial and address changes.

DATES: Effective Date: February 1, 2006.

ADDRESSES: Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: Hyun Sun Kim, Office of the General Counsel, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; telephone (301) 504–7632.

SUPPLEMENTARY INFORMATION: Section 1000.19 describes the new Office of Financial Management, Planning and Evaluation. Section 1000.21 describes the new Office of Compliance and Field Operations. Section 1000.23 describes the new Office of Information and Technology Services. Section 1000.24 describes the new Office of International Programs and Intergovernmental Affairs. The following offices and directorates have been incorporated into the new offices referenced above: the Office of the Secretary, the Office of the Budget, the Office of Planning and Evaluation, the Office of Compliance, the Office of Information Services, the Directorate for Administration and the Directorate for Field Operations.

Section 1000.10 provides that the Commission will annually elect a vice chairman for a term beginning on June 1 and running until such time as another vice chairman is elected. Editorial changes have also been made in various sections and the address of the Commission has been changed from “Washington, DC 20207” to “4330 East West Highway, Bethesda, Maryland 20814” to reflect the current address.

Since this rule relates solely to internal agency management, pursuant to 5 U.S.C. 553(b), notice and other public procedures are not required and it is effective immediately upon publication in the Federal Register. Further this action is not a rule as defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612, and thus, is exempt from the provisions of the Act.

List of Subjects in 16 CFR Part 1000 Organization and Functions (Government Agencies).

Therefore, for the reasons set forth in the preamble, revise 16 CFR part 1000 to read as follows:

PART 1000—COMMISSION ORGANIZATION AND FUNCTIONS

Sec.
1000.1 The Commission.
1000.2 Laws administered.
1000.3 Hotline.
1000.4 Commission address.
1000.5 Petitions.
1000.6 Commission decisions and records.
1000.7 Advisory opinions and interpretations of regulations.
1000.8 Meetings and hearings; public notice.
1000.9 Quorum.
1000.10 The Chairman and Vice Chairman.
1000.11 Delegation of functions.
1000.12 Organizational structure.
1000.13 Directives system.
1000.14 Office of the General Counsel.
1000.15 Office of Congressional Relations.
1000.18 Office of Executive Director.
1000.20 Office of Information and Public Affairs.
1000.21 Office of Compliance and Field Operations.
1000.22 Office of Human Resources Management.
1000.23 Office of Information and Technology Services.
1000.24 Office of International Programs and Intergovernmental Affairs.
1000.25 Office of Hazard Identification and Reduction.
1000.26 Directorate for Epidemiology.
1000.27 Directorate for Health Sciences.
1000.28 Directorate for Economic Analysis.
1000.29 Directorate for Engineering Sciences.
1000.30 Directorate for Laboratory Sciences.

Authority: 5 U.S.C. 552(a).

§ 1000.1 The Commission.

1. To protect the public against unreasonable risks of injury associated with consumer products;
2. To assist consumers in evaluating the comparative safety of consumer products;
3. To develop uniform safety standards for consumer products and to minimize conflicting State and local regulations; and
4. To promote research and investigation into the causes and prevention of product-related deaths, illnesses, and injuries.

(b) The Commission is authorized to consist of five members appointed by the President, by and with the advice and consent of the Senate, for terms of seven years. However, the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1993, Public Law 102–389, limited funding to that for three Commissioners for fiscal year 1993 and thereafter.

§ 1000.2 Laws administered.

The Commission administers five acts:

§ 1000.3 Hotline.

(a) The Commission operates a toll-free telephone Hotline by which the public can communicate with the Commission. The number for use in all 50 states is 1–800–638–CPSC (1–800–638–2772).

(b) The Commission also operates a toll-free Hotline by which hearing or speech-impaired persons can communicate with the Commission by teletypewriter. The teletypewriter number for use in all states is 1–800–638–8270.

(c) The Commission also makes available to the public product recall information, its public calendar, and other information through its worldwide Web site at http://www.cpsc.gov. The public may also report product hazards or other information to the Commission at its e-mail address: info@cpsc.gov.
§ 1000.4 Commission address.

The principal Offices of the Commission are at 4330 East West Highway, Bethesda, Maryland 20814. All written communications with the Commission, including those sent by U.S. Postal Service, private express and messenger should be addressed to the Consumer Product Safety Commission at that address, unless otherwise specifically directed.

§ 1000.5 Petitions.

Any interested person may petition the Commission to issue, amend, or revoke a rule or regulation by submitting a written request to the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814. Petitions must comply with the Commission’s procedure for petitioning for rulemaking at 16 CFR part 1051.

§ 1000.6 Commission decisions and records.

(a) Each decision of the Commission, acting in an official capacity as a collegial body, is recorded in Minutes of Commission meetings or as a separate Record of Commission Action. Copies of Minutes or of a Record of Commission Action may be obtained by e-mail (cpsc-os@cpsc.gov) or written request to the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814, or may be examined at Commission headquarters. Requests should identify the subject matter of the Commission action and the approximate date of the Commission action, if known.

(b) Other records in the custody of the Commission may be requested by e-mail (cpsc-os@cpsc.gov) or in writing from the Office of the Secretary pursuant to the Commission’s Procedures for Disclosure or Production of Information under the Freedom of Information Act (16 CFR part 1015).

§ 1000.7 Advisory opinions and interpretations of regulations.

(a) Advisory opinions. Upon written request, the General Counsel provides written advisory opinions interpreting the acts and administrative regulations (e.g., Freedom of Information Act regulations) the Commission administers, provided the request contains sufficient specific factual information upon which to base an opinion. Advisory opinions represent the legal opinions of the General Counsel and may be changed or superseded by the Commission. Requests for advisory opinions should be sent to the General Counsel, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814. Previously issued advisory opinions are available on the CPSC Web site at http://www.cpsc.gov/library/foia/advisory/advisory.html. A copy of a particular previously issued advisory opinion or a copy of an index of such opinions may also be obtained by written request to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

(b) Interpretations of regulations. Upon written request, the Assistant Executive Director for Compliance will issue written interpretations of Commission regulations pertaining to the safety standards and the enforcement of those standards, provided the request contains sufficient specific factual information upon which to base an interpretation. Interpretations of regulations represent the interpretations of the staff and may be changed or superseded by the Commission. Requests for such interpretations should be sent to the Assistant Executive Director for Compliance, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

§ 1000.8 Meetings and hearings; public notice.

(a) The Commission may meet and exercise all its powers in any place.

(b) Meetings of the Commission are held as ordered by the Commission and, unless otherwise ordered, are held at the principal office of the Commission at 4330 East West Highway, Bethesda, Maryland. Meetings of the Commission for the purpose of jointly conducting the formal business of the agency, including the rendering of official decisions, are generally announced in advance and open to the public, as provided by the Government in the Sunshine Act (5 U.S.C. 552b) and the Commission’s Meetings Policy (16 CFR part 1012).

(c) The Commission may conduct any hearing or other inquiry necessary or appropriate to its functions anywhere in the United States. It will publish a notice of any proposed hearing in the Federal Register and will afford a reasonable opportunity for interested persons to present relevant testimony and data.

(d) Notices of Commission meetings, Commission hearings, and other Commission activities are published in a Public Calendar, as provided in the Commission’s Meetings Policy (16 CFR part 1012). The Public Calendar is available on the Commission Web site at http://www.cpsc.gov.

§ 1000.9 Quorum.

Three members of the Commission constitute a quorum for the transaction of business. If there are only three members serving on the Commission, two members constitute a quorum. If there are only two members serving on the Commission because of vacancies, two members constitute a quorum, but only for six months from the time the number of members was reduced to two.

[Note: the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1993, Pub. L. 102–389, limited funding to that for three Commissioners for fiscal year 1993 and thereafter.]

§ 1000.10 The Chairman and Vice Chairman.

(a) The Chairman is the principal executive officer of the Commission and, subject to the general policies of the Commission and to such regulatory decisions, findings, and determinations as the Commission is by law authorized to make, he or she exercises all of the executive and administrative functions of the Commission.

(b) The Commission shall annually elect a Vice Chairman for a term beginning on June 1. The Vice Chairman shall serve until the election of his or her successor. The Vice Chairman acts in the absence or disability of the Chairman or in case of a vacancy in the Office of the Chairman.

§ 1000.11 Delegation of functions.

Section 27(b)(9) of the Consumer Product Safety Act (15 U.S.C. 2076(b)(9)) authorizes the Commission to delegate any of its functions and powers, other than the power to issue subpoenas, to any officer or employee of the Commission. Delegations are documented in the Commission’s Directives System.

§ 1000.12 Organizational structure.

The Consumer Product Safety Commission is composed of the principal units listed in this section.

(a) The following units report directly to the Chairman of the Commission:

(1) Office of the General Counsel;
(2) Office of Congressional Relations;
(3) Office of the Inspector General;
(4) Office of Equal Employment Opportunity and Minority Enterprise;
(5) Office of the Executive Director.

(b) The following units report directly to the Executive Director of the Commission:

(1) Office of Financial Management, Planning and Evaluation;
(2) Office of Hazard Identification and Reduction;
§ 1000.13 Directives System.

The Commission maintains a Directives System which contains delegations of authority and descriptions of Commission programs, policies, and procedures. A complete set of directives is available for inspection in the public reading room at Commission headquarters.

§ 1000.14 Office of the General Counsel.

The Office of the General Counsel provides advice and counsel to the Commissioners and organizational components of the Commission on matters of law arising from operations of the Commission. It prepares the legal analysis of Commission legislative proposals and comments on relevant legislative proposals originating elsewhere. The Office, in conjunction with the Department of Justice, is responsible for the conduct of all Federal court litigation to which the Commission is a party. The Office also advises the Commission on administrative litigation matters. The Office provides final legal review of and makes recommendations to the Commission on proposed product safety standards, rules, regulations, petition actions, and substantial hazard actions. It also provides legal review of certain procurement, personnel, and administrative actions and drafts documents for publication in the Federal Register.

§ 1000.15 Office of Congressional Relations.

The Office of Congressional Relations is the principal contact with the committees and members of Congress and state legislative bodies. It performs liaison duties for the Commission, provides information and assistance to Congress on matters of Commission policy, and coordinates testimony and appearances by Commissioners and agency personnel before Congress.

The Office of the Inspector General is an independent office established under the provisions of the Inspector General Act of 1978, 5 U.S.C. Appendix, as amended. This Office independently initiates, conducts, supervises, and coordinates audits, operations reviews, and investigations of Commission programs, activities, and operations. The Office also makes recommendations to promote economy, efficiency, and effectiveness within the Commission’s programs and operations. The Office receives and investigates complaints or information concerning possible violations of law, rules, or regulations, mismanagement, abuse of authority, and waste of funds. It reviews existing and proposed legislation concerning the economy, efficiency, and effectiveness of such legislation on Commission operations.

§ 1000.17 Office of Equal Employment Opportunity and Minority Enterprise.

The Office of Equal Employment Opportunity and Minority Enterprise is responsible for assuring compliance with all laws and regulations relating to Equal Employment Opportunity. The Office provides advice and assistance to the Chairman and Commission staff on all EEO related issues including the agency Small and Disadvantaged Business Utilization Program. The Office develops agency EEO program policies. The Office manages the discrimination complaint process, including the adjudication of discrimination complaints, and facilitates Affirmative Employment Program (AEP) planning for women, minorities, individuals with disabilities and disabled veterans. The Office plans and executes special emphasis programs and special programs with minority colleges, and EEO, diversity, prevention of sexual harassment and related training. The Office identifies trends, personnel policies and practices that have an impact on EEO and makes recommendations to the Chairman on the effectiveness and efficiency of EEO programs and methods to enhance equal opportunity.

§ 1000.18 Office of Executive Director.

The Executive Director with the assistance of the Deputy Executive Director, under the broad direction of the Chairman and in accordance with Commission policy, acts as the chief operating manager of the agency, supporting the development of the agency’s budget and operating plan before and after Commission approval, and managing the execution of those plans. The Executive Director has direct line authority over the following directorates and offices: the Office of Financial Management, Planning and Evaluation, the Office of Hazard Identification and Reduction, the Office of Information and Public Affairs, the Office of Compliance and Field Operations, the Office of Human Resources Management, the Office of Information and Technology Services, and the Office of International Programs and Intergovernmental Affairs.

§ 1000.19 Office of Financial Management, Planning and Evaluation.

The Office of Financial Management, Planning and Evaluation is responsible for developing the Commission’s funds control system, long-range strategic plans, annual performance budgets and operating plans; analysis of major policy and operational issues; performing evaluations and management studies of Commission programs and activities; ensuring that Commission resources are procured and expended as planned and according to purchasing regulations; the review, control, and payment of Commission financial obligations; and, reporting on the use and performance of Commission resources. The Office recommends actions to the Executive Director to enhance the effectiveness of Commission programs and the management of budget, planning and evaluation, financial, and procurement activities. The Office serves as the staff support to the Commission Chief Financial Officer.

§ 1000.20 Office of Information and Public Affairs.

The Office of Information and Public Affairs, which is managed by the Director of the Office, is responsible for the development, implementation, and evaluation of a comprehensive national information and public affairs program designed to promote product safety. This includes responsibility for developing and maintaining relations with a wide range of national groups such as consumer organizations; business groups; trade associations; state and local government entities; labor organizations; medical, legal, scientific and other professional associations; and other Federal health, safety and consumer agencies. The Office also is responsible for implementing the Commission’s media relations program nationwide. The Office serves as the Commission’s spokesperson to the national print and broadcast media, develops and disseminates the Commission’s news.
§ 1000.21 Office of Compliance and Field Operations.

The Office of Compliance and Field Operations conducts compliance and administrative enforcement activities under all administered acts, provides advice and guidance on complying with all administered acts and reviews proposed standards and rules with respect to their enforceability. The Office’s responsibilities also include identifying and addressing safety hazards in consumer products already in distribution, promoting industry compliance with existing safety rules, and conducting administrative litigation. It conducts field enforcement efforts, including providing program guidance, advice, and case guidance to field staff. It enforces the Consumer Product Safety Act reporting requirements. It reviews consumer complaints, conducts inspections and in-depth investigations, and analyzes available data to identify those consumer products containing defects posing a substantial risk of injury or which do not comply with existing safety requirements. The Office negotiates and monitors corrective action plans for products that are defective or fail to comply with specific regulations. It gathers information on product hazards that may be addressed through rulemaking or voluntary standards. The Office develops surveillance strategies and programs designed to assure compliance with Commission standards and regulations. The Office of Compliance and Field Operations also assists the Office of Information and Public Affairs in implementing consumer information activities nationwide, including wide-ranging public information and education programs designed to reduce consumer product injuries and deaths, and maintaining liaison with, and providing support to, other components of the Commission and appropriate State and local government offices.

§ 1000.22 Office of Human Resources Management.

The Office of Human Resources Management, which is managed by the Director of the Office, provides human resources management support to the Commission in the areas of recruitment and placement, position classification, training and executive development, employee and labor relations, employee benefits and retirement assistance, employee assistance programs, drug testing, leave administration, disciplinary and adverse actions, grievances and appeals, and performance management.

§ 1000.23 Office of Information and Technology Services.

The Office of Information and Technology Services houses the Commission’s Secretariat, which facilitates the preparation of the Commission’s agenda; coordinates Commission business at official meetings; maintains the dockets and other materials for the Commission’s public and non-public administrative and adjudicative meetings and hearings; prepares and publishes the Public Calendar; maintains the Commission’s Injury Information Clearinghouse; issues Commission Orders; provides legal notice of Commission decisions through publication in the Federal Register; processes all filings that the Commission receives in paper, electronic and alternative media formats; exercises joint responsibility with the Office of the General Counsel for interpretation and application of the Privacy Act, Freedom of Information Act, and the Government in the Sunshine Act; prepares reports required by these acts; and maintains and manages all official Commission records including those pertaining to continuing guarantees of compliance with applicable standards of flammability under the Flammable Fabrics Act filed with the Commission. The Secretary is the agency’s Chief Freedom of Information Act Officer. The Office of Information and Technology Services is also responsible for the general policy and planning issues related to the dissemination of information by the Commission including, but not limited to, OMB Circular A–130, the Federal Information Security Management Act, the Government Paperwork Elimination Act, Section 508 of the Americans with Disabilities Act, and the E-Government Act under the President’s Management Agenda; the design, implementation and support of the Commission’s information technology system needs; maintaining and/or providing access to administrative applications for the Commission’s business processes such as payroll, accounting, personnel, budget, information management and work tracking; administration of the network, telephone systems, and Help Desk. The Office of Information and Technology Services also is responsible for providing the Commission with printing, mail, and copy services, library services, logistical, real and personal property, and procurement services; and addressing safety and ergonomic issues in the work place.

§ 1000.24 Office of International Programs and Intergovernmental Affairs.

The Office of International Programs and Intergovernmental Affairs provides a comprehensive and coordinated effort in consumer product safety standards development and implementation at the international, Federal, State and local level. The Office conducts activities and creates strategies aimed at ensuring greater import compliance with recognized American safety standards and exportation of CPSC regulatory policies, technologies and methodologies into other jurisdictions. The Office also works to harmonize the use of standards worldwide.

§ 1000.25 Office of Hazard Identification and Reduction.

The Office of Hazard Identification and Reduction, under the direction of the Assistant Executive Director for Hazard Identification and Reduction, is responsible for managing the Commission’s Hazard Identification and Analysis Program and its Hazard Assessment and Reduction Program. The Office reports to the Executive Director, and has line authority over the Directorates for Epidemiology and Health Sciences, Economic Analysis, Engineering Sciences, and Laboratory Sciences. The Office develops strategies for and implements the agency’s operating plans for these two hazard programs. This includes the collection and analysis of data to identify hazards and hazard patterns, the implementation of the Commission’s safety standards development projects, the coordination of voluntary standards activities, and providing overall direction and evaluation of projects involving hazard analysis, data collection, emerging hazards, mandatory and voluntary standards, petitions, and labeling rules. The Office assures that relevant technical, environmental, economic, and social impacts of projects are comprehensively and objectively presented to the Commission for decision.

§ 1000.26 Directorate for Epidemiology.

The Directorate for Epidemiology, managed by the Associate Executive Director for Epidemiology, is responsible for the collection and analysis of data on injuries and deaths associated with consumer products. The Directorate has two divisions: the Data Systems Division and the Hazard Analysis Division. The Data Systems Division operates the national data collection systems which provide the data that serve as the basis for the Commission’s estimates of the numbers of deaths and injuries associated with
consumer products. These data systems include the National Electronic Injury Surveillance System, a nationally representative sample of hospital emergency departments; a death certificate file, which contains data obtained from death certificates on deaths associated with consumer products; and the Injury and Potential Injury Incident file, which contains information on, among other things, incidents associated with consumer products, based on news clips, medical examiner reports, hotline reports, Internet complaints, and referrals. The Hazard Analysis Division conducts statistical analysis of these data and conducts epidemiologic studies to estimate the numbers of injuries and deaths associated with various consumer products and to examine factors associated with these injuries and deaths. In addition, staff in the Hazard Analysis Division design special studies, design and analyze data from experiments for testing of consumer products, and provide statistical expertise and advice to Commission staff in support of regulation development.

§ 1000.27 Directorate for Health Sciences.

The Directorate for Health Sciences is managed by the Associate Executive Director for Health Sciences and is responsible for reviewing and evaluating the human health effects and hazards related to consumer products and assessing exposure, uptake and metabolism, including information on population segments at risk. Directorate staff conducts health studies and research in the field of consumer product-related injuries. The Directorate performs risk assessments for chemical, physiological and physical hazards based on methods such as medical injury modeling, and on injury and incident data for mechanical, thermal, chemical and electrical hazards in consumer products. It provides the Commission’s primary source of scientific expertise for implementation of the Poison Prevention Packaging Act and the Federal Hazardous Substances Act. The Directorate assists in the development and evaluation of product safety standards and test methods based on scientific and public health principles. It provides support to the Commission’s regulatory development and enforcement activities. It manages hazard identification and analysis, and hazard assessment and reduction projects as assigned. The Directorate provides liaison with the National Toxicology Program, the Department of Health and Human Services (including the Food and Drug Administration, the Centers for Disease Control and Prevention, the National Institutes of Health), the Occupational Health and Safety Administration, the Environmental Protection Agency, other Federal agencies and programs, and other organizations concerned with reducing the risk to consumers from exposure to consumer product hazards.

§ 1000.28 Directorate for Economic Analysis.

The Directorate for Economic Analysis, which is managed by the Associate Executive Director for Economic Analysis, is responsible for providing the Commission with advice and information on economic and environmental matters and on the economic, social and environmental effects of Commission actions. It analyzes the potential effects of CPSC actions on consumers and on industries, including effects on competitive structure and commercial practices. The Directorate acquires, compiles, and maintains economic data on movements and trends in the general economy and on the production, distribution, and sales of consumer products and their components to assist in the analysis of CPSC priorities, policies, actions, and rules. It plans and carries out economic surveys of consumers and industries. It studies the costs of accidents and injuries. It evaluates the economic, societal, and environmental impact of product safety rules and standards. It performs regulatory analyses and studies of costs and benefits of CPSC actions as required by the Consumer Product Safety Act, The National Environmental Policy Act, the Regulatory Flexibility Act and other Acts, and by policies established by the Consumer Product Safety Commission. The Directorate manages hazard assessment and reduction projects as assigned.

§ 1000.29 Directorate for Engineering Sciences.

The Directorate for Engineering Sciences, which is managed by the Associate Executive Director for Engineering Sciences, is responsible for developing technical policy for and implementing the Commission’s engineering programs. The Directorate manages hazard assessment and reduction projects as assigned by the Office of Hazard Identification and Reduction; provides engineering technical support and product safety assessments for the Office of Compliance and Field Operations; provides engineering, scientific, and technical expertise to the Commission and Commission staff as requested; and provides engineering technical support to other Commission organizations, activities, and programs as needed. The Directorate develops and evaluates product safety standards, product safety tests and test methods, performance criteria, design specifications, and quality control standards for consumer products, based on engineering and scientific methods. It conducts engineering analysis and testing of the safety of consumer products, and evaluates and participates in the development of mandatory and voluntary standards for consumer products including engineering and human factors analyses in support of standards development and product compliance testing. The Directorate performs or monitors research for consumer products in a broad array of engineering disciplines including chemical, electrical, fire protection, human factors, and mechanical engineering. It conducts and coordinates engineering research, testing, and evaluation activities with other Federal agencies, private industry, and consumer interest groups. The Directorate conducts human factors studies and research of consumer product related injuries, including evaluations of labels, signs and symbols, instructions, and other measures intended to address the human component of injury prevention. The Directorate provides technical supervision and direction of engineering activities including tests and analyses conducted in the field.

§ 1000.30 Directorate for Laboratory Sciences.

The Directorate for Laboratory Sciences, which is managed by the Associate Executive Director for Laboratory Sciences, is responsible for conducting engineering analyses and testing of consumer products, supporting the development of voluntary and mandatory standards, and supporting the Agency’s compliance activities through product safety assessments. A wide variety of products are tested and evaluated to determine the causes of failure and the hazards presented. Product safety tests involve mechanical, electrical, and combustion engineering, as well as thermal and chemical analyses. Test protocols are developed, test fixtures and setups are designed and fabricated, and tests are conducted following the requirements and guidance of voluntary and mandatory standards and/or using sound engineering and scientific judgment. The Laboratory participates with and supports other agency directorates on multi-disciplinary teams.
in the development of voluntary and mandatory standards. The Laboratory coordinates and cooperates with other Federal agencies, private industry, and consumer interest groups by sharing engineering and scientific research, test, and evaluation expertise. Additionally, Corrective Action Plans, proposed by manufacturers to correct a product defect, are tested and evaluated to assure that the proposed changes adequately resolve the problem. Regulated products, such as children’s products, sleepwear, and bicycle helmets, are routinely tested and evaluated for compliance with the Consumer Product Safety Act, the Federal Hazardous Substances Act, the Flammable Fabrics Act, and the Poison Prevention Packaging Act. The Directorate is composed of the Mechanical Engineering Division, the Electrical Engineering Division (which includes flammable fabrics), and the Chemical Division. Overall, the directorate provides engineering, scientific, and other technical expertise to all entities within the Consumer Product Safety Commission.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117 [CGD08–06–001]

RIN 1625–AA09

Drawbridge Operation Regulation; Mississippi River, Iowa and Illinois

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is changing the regulation governing the Clinton Railroad Drawbridge, Mile 518.0, Upper Mississippi River at Clinton, Iowa. Under the rule, the drawbridge shall open on signal if at least 24 hours advance notice is given from 12:01 a.m., on January 20, 2006 until 9 a.m., on March 1, 2006. This rule allows time for making upgrades to critical mechanical components and to perform scheduled annual maintenance/repairs to the bridge.

DATES: This rule is effective from 12:01 a.m., January 20, 2006, until 9 a.m., March 1, 2006.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of the docket [CGD08–06–001] and are available for inspection or copying at room 2.107f in the Robert A. Young Federal Building at Eighth Coast Guard District, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. Commander (obr), Eighth Coast Guard District, maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. Roger K. Wiebusch, Bridge Administrator, (314) 539–3900, extension 2378.

SUPPLEMENTARY INFORMATION:

Regulatory History

We did not publish a notice of proposed rulemaking (NPRM) for this regulation or give 30 days notice. Under 5 U.S.C. 553(b)(B) and 5 U.S.C. 553(d)(3) the Coast Guard finds that good cause exists for not publishing an NPRM and for making this rule effective in less than 30 days after publication in the Federal Register. Due to Hurricane Katrina and Hurricane Rita communications and documents were lost causing the inability to publish a NPRM and give 30 days notice because the maintenance has to begin during the winter months while river traffic is very minimal.

Background and Purpose

On June 10, 2005, the Union Pacific Railroad Company requested a temporary change to the operation of the Clinton Railroad Drawbridge, across the Upper Mississippi River, Mile 518.0, at Clinton, Iowa to open on signal if at least 24 hours advance notice is given to facilitate critical bridge repair and annual maintenance. Advance notice may be given by calling the Clinton Yardmaster’s office at (319) 244–3204 at any time; or (319) 244–3259 weekdays between 7 a.m. and 3:30 p.m.; or Mr. Tomaz Gawronski, office (515) 263–4536 or cell phone (515) 710–6829.

The Clinton Railroad Drawbridge navigation span has a vertical clearance of 18.7 feet above normal pool in the closed to navigation position. Navigation on the waterway consists primarily of commercial tows and recreational watercraft and will not be significantly impacted due to the reduced navigation in winter months. Presently, the draw opens on signal for passage of river traffic. The Union Pacific Railroad Company requested the drawbridge be permitted to remain closed-to-navigation from 12:01 a.m., January 20, 2005 until 9 a.m., March 1, 2006 unless 24 hours advance notice is given of the need to open. Winter conditions on the Upper Mississippi River coupled with the closure of Lock and Dam 19, Mile 364.3, Upper Mississippi River, at Keokuk, Iowa will preclude any significant navigation demands for the drawspan opening. The Clinton Railroad Drawbridge, Mile 518.0, Upper Mississippi River, is located upstream from Lock and Dam 19. Performing maintenance on the bridge during the winter, when the number of vessels likely to be impacted is minimal, is preferred to the bridge closure or advance notification requirements during the navigation season. This temporary change to the drawbridge’s operation has been coordinated with the commercial waterway operators.

Discussion of Changes

This rule temporarily amends 33 CFR part 117, allowing the Clinton Railroad Drawbridge, mile 518.0, to change from an open on demand schedule to one requiring at least 24 hours advance notice.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

The Coast Guard expects that this temporary change to operation of the Clinton Railroad Drawbridge will have minimal economic impact on commercial traffic operating on the Upper Mississippi River. This temporary change has been written in such a manner as to allow for minimal interruption of the drawbridge’s regular operation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not
