

in NMS stocks that are listed on Nasdaq—priced below \$1.00 in increments as small as \$0.0001 is consistent with Rule 612(b) and raises no new regulatory issues.

[Release No. 34-53203; File No. SR-NASD-2006-016]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish a Mechanism for Handling Sub-Penny Orders in Securities Listed on the New York Stock Exchange or the American Stock Exchange

January 31, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 31, 2006, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. Nasdaq filed this proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective immediately upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to establish a mechanism for handling sub-penny orders in securities listed on the New York Stock Exchange ("NYSE") or the American Stock Exchange ("Amex") due to readiness issues at those two

exchanges and to make another minor adjustment in the related rule language. The text of the proposed rule change is below. Proposed new language is in *italics*; proposed deletions are in [brackets].⁵

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On December 22, 2005, Nasdaq filed with the Commission a rule change⁶ to align Nasdaq's rules on minimum pricing increments with Rule 612 of the Commission's Regulation NMS.⁷ Consistent with Rule 612, the Nasdaq Market Center ("NMC") and Nasdaq's BRUT and INET facilities now accept quotes that are in increments of at least \$0.0001 if these quotes are priced below \$1.00 or if they are in securities exempted by the Commission under Rule 612.⁸ Quotes priced above \$1.00 will be accepted by the NMC, BRUT, and INET in increments of at least \$0.01 (unless they are in securities exempted by the Commission). These principles apply equally to Nasdaq-listed securities and to securities listed on other exchanges.

Under the present proposal, which is being made to accommodate the NYSE and the Amex, the NMC will adjust all proper (*i.e.*, priced under \$1.00 and in increments of not less than \$0.0001) sub-penny quotes in NYSE- and Amex-listed securities as soon as it receives them. Offers will be adjusted upwards to the next whole cent, while bids will be adjusted downward to the next whole cent. Sub-penny quotes that are adjusted in this manner will be displayed, executed, or routed, as otherwise applicable, at the adjusted

⁶ See Securities Exchange Act Release No. 53017 (December 22, 2005), 70 FR 77225 (December 29, 2005). The rule change was effective immediately upon filing, but not operational until January 31, 2006.

⁷ 17 CFR 242.612.

⁸ The present proposed rule change clarifies with respect to INET that the minimum pricing increment will, in fact, be \$0.0001, as opposed to \$0.001. This filing also includes an additional conforming change to the INET rules, to clarify that any security that receives the Commission's permission for sub-penny quoting above \$1.00 will be eligible for such quoting on INET.

price and will not be accorded any price priority over the equivalent unadjusted whole-cent quotes. The NMC will adjust all sub-penny quotes that it receives for NYSE and Amex securities, regardless of whether such quotes are entered into the NMC directly or routed from another trading venue (including when the quotes are routed to the NMC from Nasdaq's BRUT or INET facilities).

The ability of the NMC, BRUT, or INET to accept sub-penny quotes in Nasdaq-, NYSE-, or Amex-listed securities is not affected by this proposal. However, the "accepted" sub-penny quotes for NYSE- or Amex-listed stocks will be adjusted before being displayed in the NMC or routed via the ITS linkage from the NMC to the NYSE or the Amex.

Nasdaq views the proposal described above as temporary because it will, in most cases, deprive investors of the ability, envisioned in Rule 612, to trade in sub-pennies those NYSE and Amex listed stocks that are priced below \$1.00. When Nasdaq determines that this approach is no longer appropriate, it will change the rule described herein by making an immediately effective filing with the Commission.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁹ in general, and with Section 15A(b)(6) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade and to remove impediments to, and perfect the mechanism of, a free and open market.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and

(3) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹² The Commission hereby waives the 30-day operative delay.¹³ The Commission has previously determined that, for NMS stocks, quoting below \$1.00 in sub-penny increments should be permitted and codified that view in Rule 612(b) of Regulation NMS.¹⁴ The proposed rule change to clarify that the minimum pricing increment for INET will be \$0.0001 is consistent with Rule 612(b) and raises no new regulatory issues. With regard to the Exchange's proposal to round away all proper sub-penny quotes in NYSE- and Amex-listed securities immediately upon receipt by the NMC, the Commission believes that such rounding is non-controversial, as Rule 612 does not require that accepted sub-penny quotes priced below \$1.00 be displayed, executed, or routed in sub-pennies. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). Pursuant to Rule 19b-4(f)(6)(iii) under the Act, the Exchange is required to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has determined to waive this requirement.

¹³ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 12, 2006, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. Nasdaq has filed the proposal as a "non-controversial" rule change pursuant to section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission.⁵ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

⁵ Nasdaq asked the Commission to waive the five-day pre-filing notice requirement and the 30-day operative delay. See Rule 19b-4(f)(6)(iii). 17 CFR 240.19b-4(f)(6)(iii).

may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change*

1. Purpose

As set forth in more detail below, Nasdaq is proposing to re-establish two pilot programs that inadvertently were permitted to lapse on December 1, 2005. On March 1, 2004, Nasdaq filed SR-NASD-2004-037⁶ with the Commission, establishing the ability of ECNs and market makers in Nasdaq securities to use up to 10 individual MPIDs to display attributable quotes and orders in the Nasdaq Quotation Montage. On July 29, 2004, Nasdaq filed SR-NASD-2004-097⁷ with the Commission, which created this same capability for ECNs and market makers using Nasdaq systems to quote and trade exchange-listed securities. MPIDs for Nasdaq and exchange-listed securities are allocated and, when Nasdaq is reaching technological limits for displayed, attributable MPIDs, re-allocated using the same procedures.⁸ Additional MPIDs are known as a "Supplemental MPID" with a market maker's or ECN's first MPID being known as the "Primary MPID." Nasdaq subsequently filed SR-NASD-2004-134⁹ with the Commission, which extended both pilots through March 1, 2005, and SR-NASD-2005-069,¹⁰ which extended the pilots through November 30, 2005. Nasdaq is proposing to re-establish the pilot programs through November 30, 2006.

⁷ Securities Exchange Act Release No. 50140 (August 3, 2004), 69 FR 48535 (August 10, 2004).

⁸ Under those procedures, rankings are based only on the volume associated with a member's Supplemental MPID—Primary MPIDs will be excluded from the calculation. The member with lowest volume using a Supplemental MPID will continue to be the first to lose the display privilege, but only with respect to the Supplemental MPID that caused it to have the lowest ranking; the member will not lose its authority to use the Supplemental MPID in that security to submit quotes and orders to SIZE or the display privileges associated with that Supplemental MPID with respect to other securities in which it is permitted to use the identifier. When reallocating the display privileges, requests for Primary MPIDs will continue to receive precedence over requests for Supplemental MPIDs.
