SUPPLEMENTARY INFORMATION:

1. Background

Under section 2104 of the Bipartisan Trade Promotion Authority Act of 2002 (TPA Act) (19 U.S.C. 3804), for agreements that will be approved and implemented through TPA procedures, the President must provide the Congress with at least 90 days' written notice of his intent to enter into negotiations and identify the specific objectives for the negotiations. Before and after the submission of this notice, the President is to consult with appropriate Congressional committees and the Congressional Oversight Group (COG) regarding the negotiations. Under the Trade Act of 1974, as amended, the President must (i) afford interested persons an opportunity to present their views regarding any matter relevant to any proposed agreement, (ii) designate an agency or inter-agency committee to hold a public hearing regarding any proposed agreement, and (iii) seek the

advice of the U.S. International Trade Commission (ITC) regarding the probable economic effects on U.S. industries and consumers of the removal of tariffs and non-tariff barriers on imports pursuant to any proposed agreement.

On February 2, 2006, after consulting with relevant Congressional committees and the COG, the USTR notified the Congress that the President intends to initiate free trade agreement negotiations with Korea and identified specific objectives for the negotiations. In addition, the USTR has requested that the ITC provide its advice on the probable economic effects of the free trade agreement. This notice solicits views from the public on these negotiations and provides information on a hearing that will be conducted pursuant to the requirements of the Trade Act of 1974.

2. Public Comments and Testimony

To assist the Administration as it continues to develop its negotiating objectives for the proposed agreement, the Chairman of the TPSC invites written comments and/or oral testimony of interested persons at a public hearing. Comments and testimony may address the reduction or elimination of tariffs or non-tariff barriers on any articles provided for in the Harmonized Tariff Schedule of the United States (HTSUS) that are products of Korea, any concession which should be sought by the United States, or any other matter relevant to the proposed agreement. The TPSC invites comments and testimony on all of these matters and, in particular, seeks comments and testimony addressed to:

(a) General and commodity-specific negotiating objectives for the proposed agreement.

(b) Economic costs and benefits to U.S. producers and consumers of removal of tariffs and non-tariff barriers affecting United States—Korea trade.

(c) Treatment of specific goods (described by HTSUS numbers) under the proposed agreement, including comments on:

(1) product-specific import or export interests or barriers,

(2) experience with particular measures that should be addressed in the negotiations, and

(3) in the case of articles for which immediate elimination of tariffs is not appropriate, a recommended staging schedule for such elimination.

(d) Adequacy of existing customs measures to ensure Korean origin of imported goods, and appropriate rules of origin for goods entering the United States under the proposed agreement.
