## CONSUMER PRODUCT SAFETY COMMISSION

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** In the *Federal Register* of December 5, 2005 (70 FR 72429), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of a collection of information associated with the procurement of goods and services. No comments were received in response to that notice. The Commission now announces that it has submitted to the Office of Management and Budget a request for extension of approval of that collection of information.

The Commission's procurement activities are governed by the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253 *et seq.*). That law requires the Commission to procure goods and services under conditions most advantageous to the government, considering cost and other factors. Forms used by the Commission request persons who quote, propose, or bid on contracts with the agency to provide information about costs or prices of goods and services to be supplied; specifications of goods and descriptions of services to be supplied; specifications of goods and descriptions of services to be delivered; competence of the offeror to provide the goods or services; and other information about the offeror,

such as the size of the firm and whether it is minority owned.

The Commission uses the information provided by bidders to determine the reasonableness of prices and costs and the responsiveness of potential contractors to undertake the work involved so that all bids may be awarded in accordance with Federal Procurement laws.
