

considered unnecessary obstacles. The TAA also requires consideration of international standards and where appropriate, that they be the basis for U.S. standards. In addition, consistent with the Administration's belief in the general superiority and desirability of free trade, it is the policy of the Administration to remove or diminish to the extent feasible, barriers to international trade, including both barriers affecting the export of American goods and services to foreign countries and barriers affecting the import of foreign goods and services into the United States. The FAA has assessed the potential effect of this final rule under the above Act and policy, and has determined that it will have only a domestic impact and therefore no effect on any trade-sensitive activity.

Federalism Implications

This amendment will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this amendment would not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment.

Unfunded Mandates Reform Act

The Unfunded Mandate Reform Act of 1995 (the Act) is intended, among other things, to curb the practice of imposing unfunded Federal mandates on State, local, and tribal governments. Title II of the Act requires each Federal agency to prepare a written statement assessing the effects of any Federal mandate in a proposed or final agency rule that may result in an expenditure of \$100 million or more (adjusted annually for inflation) in any one year by State, local, and tribal governments, in the aggregate, or by the private sector. Such a mandate is deemed to be a "significant regulatory action." The FAA currently uses an inflation-adjusted value of \$120.7 million in lieu of \$100 million.

This final rule does not contain such a mandate. The requirements of Title II of the Act, therefore, do not apply.

ACTION: Final rule.

SUMMARY: The Bureau of Industry and Security publishes this final rule to amend the Export Administration Regulations (EAR) by adding two cross-references to the General Order Implementing the Syria Accountability and Lebanese Sovereignty Act (Syria General Order). SUPPLEMENTARY INFORMATION:

Background

On May 14, 2004 the Bureau of Industry and Security issued General Order Implementing Syria Accountability and Lebanese Sovereignty Act of 2003 (Syria General Order) consistent with Executive Order 13338 of May 11, 2004. Pursuant to the Syria General Order, exports and reexports of all items subject to the Export Administration Regulations (EAR) (15 CFR 730 *et seq.*), except food and medicine classified as EAR99 and "deemed export" and "deemed reexport" of EAR99 technology or source code, require a license to Syria (medicine is defined in Part 772 of the EAR). All license applications for exports or reexports to Syria are subject to a general policy of denial, other than particular transactions described in the General Order.

The Syria General Order is set forth in Supplement No. 1 to Part 736 of the EAR as General Order No. 2. In response to a suggestion by exporters, this final rule clarifies that the Syria General Order sets forth special controls on exports and reexports to Syria and supersedes other provisions in the EAR specific to Syria by adding two cross references to the Syria General Order in parts 742 and 746 of the EAR. Specifically, this final rule adds a new paragraph (e) to section 742.9 "Anti-terrorism: Syria", and adds new section 746.9, "Syria," to part 746—Embargoes and Other Special Controls.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of August 2, 2005, 70 FR 45273 (August 5, 2005), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number. This rule involves collections of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). These collections have been approved by Office of Management and Budget under control number 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 58 minutes for a manual or electronic submission. BIS believes that this rule will not materially affect the burden imposed by this collections.

3. This rule does not contain policies with Federalism implications as that term is defined under E.O. 13132.

4. The Department finds that there is good cause under 5 U.S.C. 553(b)(B) to waive the provisions of the Administrative Procedure Act requiring prior notice and the opportunity for public comment because it is unnecessary. The changes made by this rule merely provide greater clarity by including cross-references to interrelated provisions of existing regulations. In particular, the Syria General Order, published in May of 2004, modified the regulatory treatment of exports and reexports to Syria. This rule inserts references to the General Order into existing Syria specific provisions of the EAR to ensure that the public is aware of the existence of the Syria General Order. Therefore because the changes made by this rule are not substantive, it is unnecessary to provide notice and opportunity for public comment. In addition, the 30-day delay in effectiveness required by 5 U.S.C. 553(d) is not applicable because this rule is not a substantive rule.

Because notice of proposed rulemaking and opportunity for public comment are not required to be given for this rule under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

AGENCY: Commodity Futures Trading Commission.

SUMMARY: The Commodity Futures Trading Commission (Commission) is amending Regulation 1.3(bb) by adding to that regulation a definition of the term “client,” as it relates to commodity trading advisors (CTAs). The Commission is also amending Regulation 1.3(bb) by adding the term “derivatives transaction execution facility” to the CTA definition set forth in that regulation.
