SUPPLEMENTARY INFORMATION:

Background

AMS received a petition from the Raisin Administrative Committee (RAC), requesting the revision of the United States Standards for Grades of Processed Raisins. These standards are issued under the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627)

The petitioner is requesting that USDA revise the grade standards for section 52.1843 Summary of types (varieties) of processed raisins for Type-I Seedless Raisins. The revision would add the processed raisin type, "Vine-dried (without the application of drying chemicals or materials)" to the current summary as well as modify the type for "Dipped, Vine-dried, or similarly processed raisins" to "Dipped, Vine-dried, treated with drying chemicals or materials or similarly processed raisins."

Prior to undertaking detailed work to develop a proposal, AMS is soliciting comments on the petition to revise the U.S. Standards for Grades of Processed Raisins.

This notice provides for a 60-day comment period for interested parties to comment on the petition to develop a proposed revision of the standards. Should AMS conclude that there is a need for changes to the standards, detailed work could be undertaken as soon as possible and the eventual proposed revised standard would be published in the **Federal Register** with a request for comments in accordance with 7 CFR part 36.

Authority: 7 U.S.C. 1621-1627.

Dated: February 23, 2006.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

SUPPLEMENTARY INFORMATION:

Title: 2005 Section 32 Hurricane Disaster Assistance Programs.

OMB Control Number: 0560-NEW.

Type of Request: Request Approval of a New Information Collection.

Abstract: This information collection will be used to make eligibility determinations on respondent's requests for payments to supplement indemnities or payments received under Federal crop insurance or the Noninsured Crop Disaster Assistance Program (NAP), in addition to requests for payments to compensate for losses of livestock, livestock feed, trees, bushes, and vines, all of which resulted from one or more of five named hurricanes that occurred in 2005 in counties designated as primary under a Presidential disaster declaration or Secretarial designation. Travel time has been included in the Estimated Annual Burden on Respondents.

Estimate of Annual Burden: Public reporting burden for this collection of information is estimated to average 90 minutes per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 34,008.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 51,012.

Comments are invited on the following: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. These comments should be sent to the Desk Officer of Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503, and to Steven J. Peterson, Branch Chief, USDA, Farm Service Agency, Production, Emergencies and Compliance Division, Disaster Assistance Branch, 1400 Independence Avenue SW., STOP 0517, Washington, DC 20250-0517.

Comments will be summarized and included in the request for Office of Management and Budget approval of the information collection. All comments will also become a matter of public record.

Signed in Washington, DC on February 23, 2006.

Teresa C. Lasseter,

Administrator, Farm Service Agency.
