DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 041126332-5039-02; I.D. 022406A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels 60 Feet (18.3 Meters) Length Overall and Using Hook-and-line Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels 60 feet (18.3 meters (m)) length overall (LOA) and longer using hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the first seasonal allowance of the 2006 Pacific cod total allowable catch (TAC) of Pacific cod specified for catcher vessels using hook-and-line gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), February 24, 2006, though 1200 hrs, A.l.t., June 10, 2006.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The first seasonal allowance of the 2006 Pacific cod TAC allocated to catcher vessels using hook-and-line gear in the BSAI is 165 metric tons as established by the 2005 and 2006 final harvest specifications for groundfish in the BSAI (70 FR 8979, February 24, 2005). See § 679.20(c)(3)(iii),

§ 679.20(c)(5), and § 679.20(a)(7)(i)(A) and (a)(7)(i)(C)(1)(ii).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS, has determined that the first seasonal allowance of the 2006 Pacific cod TAC allocated to catcher vessels using hook-and-line gear in the BSAI has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels 60 feet (18.3 m) LOA and longer using hook-and-line gear in the BSAI. Vessels less than 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI may continue to participate in the directed fishery for Pacific cod under a separate Pacific cod allocation to catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear.

After the effective date of this closure the maximum retainable amounts at

§ 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod by catcher vessels 60 feet (18.3 m) LOA and longer using hook-and-line gear in the BSAI. NMFS was unable to publish a

notice providing time for public comment because the most recent, relevant data only became available as of February 23, 2006.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 24, 2006.

Alan Risenhover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
