B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns, and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. Background

Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136p), at the discretion of the Administrator, a Federal or State agency may be exempted from any provision of FIFRA if the Administrator determines that emergency conditions exist which require the exemption. The Louisiana Department of Agriculture and Forestry has requested the Administrator to issue a specific exemption for the use of carbofuran on rice to control rice water weevil, *Lissorhoptrus oryzophilus*. Information in accordance with 40 CFR part 166 was submitted as part of this request.

As part of this request, the Applicant asserts that the current emergency situation with respect to weevil management has arisen primarily from the continuing, and probably increasing, practice of cultivating crawfish in ponds in close proximity to rice fields in southern Louisiana. The great majority of crawfish ponds (at least 75%) are close enough to rice fields to be affected by the management practices used in rice. All of the insecticides currently registered for use against the rice water weevil in Louisiana are toxic to crawfish. The use of carbofuran for weevil control has one significant advantage over currently used liquid products in that it is formulated as a granular and thus there is far less potential for drift. The Applicant states that the estimated economic loss if no effective weevil controls are available will be 5.6–11 million dollars.

The Applicant proposes to make no more than one application of 3.0% carbofuran to 239,063 acres of rice in Louisiana between March 1 and September 1, 2006. A maximum of 143,437 pounds of active ingredient will be required.

This notice does not constitute a decision by EPA on the application itself. The regulations governing section 18 of FIFRA require publication of a notice of receipt of an application for a specific exemption proposing the use of an active ingredient which has been subject of a special review and is intended for a use that has been the subject of the special review. The notice provides an opportunity for public comment on the application.

The Agency will review and consider all comments received during the

comment period in determining whether to issue the specific exemption requested by the Louisiana Department of Agriculture and Forestry.

New—SORN for Federal Retirement Benefits Calculator

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Establishment of a New System of Records Notice for Federal Retirement Benefits Calculator—FRB.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Office of Human Resources is giving notice that it proposes to establish a new system of records, Federal Retirement Benefits Calculator. This system of records is an integrated application that works from one central database that allows employees to access personal and benefits-related information.

DATES: Persons wishing to comment on this new system of records Notice may do so by April 10, 2006. Unless there is a further notice in the **Federal Register**, this new system of records will become effective on April 10, 2006.

ADDRESSES: Questions regarding this notice should be referred to Rose Ann Clark, Office of Human Resources, 1200 Pennsylvania Ave, NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Rose Ann Clark or (202) 564–7877.

SUPPLEMENTARY INFORMATION:

General Information

The Federal Retirement Benefits Calculator (FRB) is a system that integrates information into one central database. The FRB is an application that allows EPA employees to access personal and benefits-related information that will be used by EPA employees to calculate their retirement benefits. The information in the FRB system includes: voluntary, early, and

disability retirement benefits; part-time and intermittent service; deposits and re-deposits owed; Social Security/Federal Employee Retirement System (FERS) supplement benefits; Civil Service Retirement System benefits; Thrift Savings Plan benefits; survivor benefits; and severance pay.

EPA Employees will be able to use the system to generate either a "quick" or a detailed retirement annuity estimate using the FRB calculator. EPA will provide information to the system in order for the employee to be able to generate an estimate. Data will be updated each pay period (bi-weekly).

EPA has established an official public docket for this action under Docket ID No. EPA-HQ-OEI-2006-0014. The official public docket is the collection of materials that is available for public viewing at the OEI Docket in the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified above.
