Electronic versions of DS-100 and DS-101 (DS-100E and DS-101E) were introduced in May 2005 to a few foreign missions to test and develop an electronic submission option. Electronic versions of the DS-102 and DS-104 (DS-102E and DS-104E) have been developed and will be implemented in early 2006. To facilitate the collection of information in a more systematic and efficient manner, the Office of Foreign Missions will continue to develop the database to support an end-to-end electronic submission process, bearing in mind as well that utilization of electronic submissions by individual missions is dependent on the status of their own systems.
