

certain conditions that will apply during the extension period. Specifically, Mr. Putnam shall: (1) Resign as a member of the management committee of TAL; (2) continue to abstain from directing the day-to day operations of TAL or TNT or otherwise participate in the day to day operations of TAL or TNT; and (3) not exercise any voting rights with respect to any equity interests of TAL or in excess of 5% of voting rights with respect to TNT. The Commission believes that these conditions should serve to limit the potential for conflicts of interest during the interim period.

The Commission also believes that the requested exception to allow Archipelago Securities to provide certain transition services to OES for a period of 90 days after the sale of the Inbound Router Function to OES, subject to the condition that Archipelago Securities may only provide such services to existing customers of the ATS Inbound Router Function, is consistent with the Act and the protection of investors and the public interest in that the provision of such services would facilitate the sale of the ATS Inbound Router Function and provide customers continuity of service during the transition period following such sale.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the requirements of the Act the rules and regulations thereunder, and finds that good cause exists to accelerate approval of the proposed rule change, pursuant to section 19(b)(2) of the Act.⁵⁹

V. Conclusion

It Is Therefore Ordered, pursuant to section 19(b)(2) of the Act,⁶⁰ that the proposed rule change (SR-PCX-2006-21) is approved on an accelerated basis. Specifically, Archipelago may continue to own Wave, and may continue to own and operate the ATS Inbound Router Function and the Inbound Router Clearing Function, until March 31, 2006, subject to the conditions described above; Mr. Putnam may continue to own in excess of 5% of TNT until March 31, 2006, subject to the conditions described above; and Archipelago Securities may provide transition services to OES as described above, subject to the conditions described above.
