

methods that are consistent with Magnuson-Stevens Act National Standard 1, which directs that conservation and management measures must achieve optimum yield from each fishery, and National Standard 5, which seeks to promote efficiency in the utilization of fishery resources.

This project has been developed in cooperation with scientists at the NMFS Alaska Fisheries Science Center (AFSC). The proposed EFP has the following three objectives: (1) collect demographic and growth information for rockfish species that have little baseline biological information; (2) document the fishing characteristics of a new type of gear (shrimp flies), including the calculation of bycatch rates for halibut, sablefish, and other non-target species; and (3) refine gear and fishing techniques to efficiently harvest POP, PSR, and OSR with minimal bycatch. The time period of the project is May 15, 2006, through May 15, 2009. Continuation of the project in 2007 and 2008 is contingent on approval from the AFSC.

The proposed EFP exempts the applicant from certain fishery closures and prohibited species catch (PSC) limits. The exemptions are necessary to allow the permit holder to efficiently conduct the proposed project while minimizing impacts to the SEO hook-and-line fishery. The EFP provides exemptions from (1) hook-and-line fishery closures under § 679.7(a)(2) due to reasons other than overfishing concerns; (2) PSC limits for halibut under the GOA annual harvest specifications (71 FR 10870, March 3, 2006) and § 679.21(d)(4)(iii)(C); and (3) maximum retainable amounts for rockfish fisheries under § 679.20(e); and (4) sablefish retention requirements at § 679.7(f)(8)(iii)(11). The total amount of groundfish allowed to be harvested is 189 metric tons (mt), including a 10 mt mortality limit on sablefish. Because sufficient total allowable catch (TAC) amounts are available in the SEO for the rockfish species likely to be taken during the project, all groundfish except sablefish will be deducted from the annual TAC amounts specified in the annual harvest specifications (71 FR 10870, March 3, 2006). Because sablefish is fully allocated in the hook-and-line fishery, and managed under the individual fishing quota (IFQ) program pursuant to § 679.40, no sablefish will be retained during the project nor counted against the annual sablefish TAC. Halibut mortality is limited to 2 mt.

Fishing contrary to notification of inseason actions, closures, or adjustments under §§ 679.20, 679.21,

and 679.25 is prohibited by § 679.7(a)(2). The applicant would be exempt from this prohibition to allow the project to proceed without interruption. The PSC limit for halibut may be reached during the project time period, requiring the closure of the hook-and-line fisheries in accordance with § 679.25. Because the amounts of halibut bycatch in the hook-and-line Pacific cod fishery has caused the closure of all hook-and-line fisheries (except demersal shelf rockfish) GOA-wide in the spring of 1999, 2000, and 2001, and in the fall of 2003 and 2004, the closure of the hook-and-line fisheries in the GOA may occur. The halibut mortality during the project would not be counted against the PSC limit so that other hook-and-line fisheries will not be impacted by the project.

The proposed EFP allows the retention and sale of all groundfish species (except sablefish) taken while fishing under the EFP to offset some of the costs of the project. The applicant will be exempt from the maximum retainable amounts specified in Table 10 of 50 CFR part 679 for rockfish fisheries. Because demersal shelf rockfish (DSR) are managed by the State of Alaska, which has special provisions for the retention and sale of DSR, the EFP would not relieve the applicant from compliance with the State's DSR regulations at 5 Alaska Administrative Code 28.171. These regulations require full retention of DSR but limit the numbers of DSR that may be sold for revenue by the harvester.

Because the applicant will be required to discard all sablefish caught, the proposed permit exempts the applicant from the retention requirement of § 679.7(f)(11) for sablefish only. Under this regulation, all halibut and sablefish are required to be retained if a person on the vessel has IFQ available for halibut or sablefish for that class of vessel. Recruiting qualified individuals for the project could be difficult if the IFQ retention requirement is applied for sablefish because the project does not provide an efficient use of sablefish IFQ. Because qualified participants are likely to be sablefish IFQ holders who would not want to use their IFQ during the project, the applicant is exempted from the sablefish retention requirements. Furthermore, the primary gear used in the EFP will be troll and jig gear, neither of which is legal gear for the harvest of sablefish in the SEO. The proposed EFP requires that all sablefish caught be returned to the sea with minimal injury. Halibut catch would not be exempt from § 679.7(f)(11) and would be subject to all applicable Federal regulations.

All fishing under the proposed EFP would stop if the groundfish or halibut mortality limits in the EFP are reached. The Regional Administrator may modify the EFP to allow continuation of the project after consideration of the following factors: (1) the present amount of harvest of groundfish species by the groundfish fisheries compared to the annual TACs, (2) the progress of the project to date, and (3) the potential impacts of any modification of the EFP.

In accordance with § 679.6, NMFS has determined that the proposal warrants further consideration and has initiated consultation with the Council by forwarding the application to the Council. The Council will consider the EFP application during its April 3–11, 2006 meeting. The applicant has been invited to appear in support of the application. Interested persons may comment on the application at the Council meeting during public testimony. Information regarding the April 2006 Council meeting is available at the Council's website at <http://www.fakr.noaa.gov/npfmc/council.htm>.

Copies of the application and EA are available for review from NMFS (see **ADDRESSES**).

Authority: 16 U.S.C. 1801 *et seq.*

Board of Visitors Meeting

AGENCY: Defense Acquisition University.

ACTION: Board of Visitors Meeting.

SUMMARY: The next meeting on the Defense Acquisition University (DAU) Board of Visitors (BoV) will be held at Defense Acquisition University, Fort Belvoir, VA. The purpose of this meeting is to report back to the BoV on continuing items of interest.

DATES: April 26, 2006 from 0900–1500.

ADDRESSES: Packard Conference Center, Defense Acquisition University, Bldg. 184, Fort Belvoir, VA 22060.

FOR FURTHER INFORMATION CONTACT: Ms. Patricia Cizmadia at 703–805–5134.

SUPPLEMENTARY INFORMATION: The meeting is open to the public; however, because of space limitations, allocation of seating will be made on a first-come, first served basis. Persons desiring to

attend the meeting should call Ms. Patricia Cizmadia at 703-805-5134.

March 17, 2006.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, DoD.

Meeting of the Advisory Committee Council on Dependents' Education

AGENCY: Department of Defense Education Activity (DoDEA).

ACTION: Open Meeting Notice.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Appendix 2 of title 5, United States Code, Public Law 92-463, notice is hereby given that a meeting of the Advisory Council on Dependents' Education (ACDE) is scheduled to be held on May 5, 2006, from 8 a.m. to 5 p.m. The meeting will be held at the Hotel Oranien Wiesbaden, Platter Strasse 2, 65193 Wiesbaden, Germany. The purpose of the ACDE is to recommend to the Director, DoDEA, general policies for the operation of the Department of Defense Dependents Schools (DoDDS); to provide the Director with information about effective educational programs and practices that should be considered by DoDDS; and to perform other tasks as may be required by the Secretary of Defense. The meeting emphases will be the current operational qualities of schools and the institutionalized school improvement processes, as well as other educational matters. For further information contact Mr. Jim Jarrard at 703-588-3121, or at James.Jarrard@hq.dodea.edu.

Dated: March 15, 2006.

Transformation Advisory Group Meeting of the U.S. Joint Forces Command

AGENCY: Department of Defense.

ACTION: Notice of Closed Meeting.

SUMMARY: The Transformation Advisory Group (TAG) will meet in closed session

on 17-18 April 2006. The establishment date was already published in the **Federal Register** on 28 May 2003, in accordance with 41 CFR part 102-3.150. The mission of the TAG is to provide timely advice on scientific, technical, and policy-related issues to the Commander, U.S. Joint Forces Command as he develops and executes the DOD transformation strategy. Full development of the topics will require discussion of information classified in accordance with Executive Order 12958, dated 17 April 1995, as amended March 2003. Access to the information must be strictly limited to personnel having the requisite clearances and specific need-to-know. Unauthorized disclosure of the information to be discussed at the TAG meetings could cause serious damage to our national defense. The meeting will be closed for security reasons, pursuant to 5 U.S.C. 552, Exemption (b)1, Protection of National Security, and Exemption (b)3 regarding information protected under the Homeland Security Act of 2002. In accordance with Section 10d of the Federal Advisory Committee Act and 41 CFR 102-3.155 this meeting will be closed.

DATES: 17-18 April 2006.

Location: National Defense University, Fort McNair, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Mr. John T. Boyd, Executive Director, (757) 836-2832.

For Supplementary Information: Mr. Jerry Mahar, Joint Staff, (703) 614-6465.

March 17, 2006.

DEPARTMENT OF EDUCATION

Office of Special Education and Rehabilitative Services; List of Correspondence

AGENCY: Department of Education.

ACTION: List of Correspondence from October 1, 2005 through December 31, 2005.

SUMMARY: The Secretary is publishing the following list pursuant to section 607(f) of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004 (IDEA). Under section 607(d) of IDEA, the Secretary is required, on a quarterly basis, to publish in the **Federal Register** a list of correspondence from the U.S.

Department of Education (Department) received by individuals during the previous quarter that describes the interpretations of the Department of IDEA or the regulations that implement IDEA.

FOR FURTHER INFORMATION CONTACT:

Melisande Lee or JoLeta Reynolds.

Telephone: (202) 245-7468.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain a copy of this notice in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact persons listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: The following list identifies correspondence from the Department issued from October 1, 2005 through December 31, 2005. Included on the list are those letters that contain interpretations of the requirements of IDEA and its implementing regulations, as well as letters and other documents that the Department believes will assist the public in understanding the requirements of the law and its regulations. The date of and topic addressed by a letter are identified, and summary information is also provided, as appropriate. To protect the privacy interests of the individual or individuals involved, personally identifiable information has been deleted, as appropriate.

Part B—Assistance for Education of All Children With Disabilities

Section 612—State Eligibility

Topic Addressed: Individualized Education Programs

- Letter dated October 25, 2005 to Mississippi State Department of Education Bureau Director Melody Bounds, regarding challenges faced by Mississippi in providing special education and related services to students with disabilities displaced by Hurricane Katrina, application of the requirements in Part B of the IDEA relating to individualized education programs (IEPs) for transfer students, and issues relating to waiver of other applicable requirements in Part B of IDEA; and informing Mississippi of a specific extension of the timeline for submission of its State performance plan (SPP) granted pursuant to the Secretary's transition authority in section 303 of the Individuals with Disabilities Education Improvement Act of 2004.
