Southwest Power Pool, Inc.; Notice of Technical Conference

March 22, 2006.

Take notice that a technical conference will be convened on Monday, April 10, 2006, from 1 p.m. to 4 p.m. (EST), in Conference Room 3M-3 at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The technical conference will deal with two issues related to Southwest Power Pool, Inc.'s proposed credit policy, as discussed in the Commission's February 28, 2006 Order.¹ Specifically the Commission directed Commission staff to examine SPP's proposed total debt to total capitalization and debt service coverage scores and SPP's proposed \$50,000 unsecured credit floor for not-for-profit entities.² The Commission found that SPP's proposal may not be just and reasonable, and may be unjust, unreasonable, unduly discriminatory, or otherwise unlawful. Accordingly, the Commission accepted SPP's Credit Policy for filing and suspended it to become effective on March 1, 2006, subject to refund and the outcome of a technical conference. A report on the technical conference is due to the Commission no later than May 30, 2006.

Attached to this notice are questions to the parties in this proceeding. Responses to these questions should be filed no later than ten days before the date of the conference. The submitted information will be discussed at the technical conference and used to supplement the record.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free

Records Governing Off-the Record Communications; Public Notice

March 22, 2006.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as

having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
