Abstract: The FR 2018 is conducted with a senior loan officer at each respondent bank, generally through a telephone interview. The purpose of the survey is to provide qualitative information with respect to current price and flow developments and evolving techniques and practices in the U.S. loan markets. Consequently, a significant portion of the questions in each survey consists of unique questions on topics of timely interest. General description of report: This information collection is voluntary (U.S.C. §§ 225a, 248(a), and 263); confidentiality will be determined on a case-by-case basis.

Abstract: The 2023 requests qualitative and limited quantitative information about liability management, the provision of financial services, and the functioning of key financial markets from a selection of up to sixty large commercial banks (or, if appropriate, from other depository institutions or major financial market participants). Responses are obtained from a senior officer at each participating institution through a telephone interview
