SUPPLEMENTARY INFORMATION:**I. Abstract**

The Bureau of Economic Analysis (BEA) is responsible for the compilation of the U.S. international transactions accounts (ITA), which it publishes quarterly in news releases, on its Web site, and in its monthly journal, the *Survey of Current Business*. These accounts provide a statistical summary of all U.S. international transactions and, as such, are one of the major statistical products of BEA. They are used extensively by both government and private organizations for national and international economic policy formulation and for analytical purposes. The information collected in this survey is used to develop the "transportation" portion of the ITA. Without this information, an integral component of the ITA would be omitted. No other Government agency collects comprehensive annual data on foreign ocean carriers' expenses in the United States.

The survey requests information from U.S. agents of foreign ocean carriers operating in the United States. The information is collected on an annual basis from U.S. agents who handle 40 or more port calls by foreign ocean vessels, and covered expenses for all foreign ocean vessels handled by the U.S. agent were \$250,000 or more. U.S. agents who handle less than 40 port calls or where the total annual covered expenses for all foreign ocean vessels handled by the U.S. agent are below \$250,000 are exempt from reporting. There are no changes proposed to the form or instructions.

II. Method of Collection

Form BE-29 is an annual report that must be filed within 90 days after the end of the calendar year. Potential respondents are U.S. agents or other persons representing foreign carriers in arranging ocean transportation between U.S. and foreign ports and in arranging for port services in the United States, and that handle 40 or more port calls by foreign vessels and covered expenses for all foreign ocean vessels handled by the U.S. agent were \$250,000 or more.

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Reviews.

SUMMARY: The Department of Commerce (the Department) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with February anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department also received requests to defer the initiation of an administrative review for one antidumping duty order and one countervailing duty order.

EFFECTIVE DATE: April 5, 2006.

FOR FURTHER INFORMATION CONTACT: Sheila E. Forbes, Office of AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-4697.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b)(2004), for administrative reviews of various antidumping and countervailing duty orders and findings with February anniversary dates. With respect to the antidumping duty orders on Frozen Warmwater Shrimp from Brazil, Ecuador, India, Thailand, the People's Republic of China and the Socialist Republic of Vietnam, the initiation of the antidumping duty administrative review for these cases will be published in a separate initiation notice. The Department also received timely requests in accordance with 19

CFR 351.213 (c) from Eurodif S.A. (Eurodif), the sole producer/exporter for which a review was requested, to defer for one year the initiation of the February 1, 2005 through January 31, 2006 administrative review of the antidumping duty order on Low Enriched Uranium from France (A-427-818) and the January 1, 2005 through December 31, 2005 administrative review of the countervailing duty order on Low Enriched Uranium from France (C-427-819). In its requests, Eurodif stated that once the remands, pursuant to the Court of Appeals for the Federal Circuit decision that SWU contracts constitute the sale of services not goods (Eurodif S.A. v. United States, 423 F.3d 1275 (Fed. Cir. 2005)), are finalized, there will be no need to conduct these reviews. The petitioner, USEC and United States Enrichment Corporation (collectively, "USEC"), filed a timely response to Eurodif's deferral requests in accordance with 19 CFR 351.213 (c)(1)(ii) and 351.213 (c)(2). USEC stated that, although it disagreed with the reasoning for the deferrals set forth by Eurodif, it did not object to the deferrals on the grounds that such deferrals would give the parties, including the Department, more time to focus on the appeals. No other party filed comments or objections pursuant to 19 CFR 351.213 (c)(1)(ii). Although the Department disagrees with the reasoning set forth in Eurodif's requests for deferral, we find that these deferrals will conserve resources and permit all of the parties to focus on the litigation issues. Accordingly, we have decided to defer the initiation of these administrative reviews for one year in accordance with 19 CFR 351.213 (c)(3).

Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend to issue the final results of these reviews not later than February 28, 2007. Also, in accordance with 19 CFR 351.213(c), we are deferring for one year the initiation of the February 1, 2005 through January 31, 2006 administrative review of the antidumping duty order on Low Enriched Uranium from France (A-427-818) and the January 1, 2005 through December 31, 2005 administrative review of the countervailing duty order on Low Enriched Uranium from France (C-427-819) with respect to one producer/exporter.
