Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council (Council) will convene a meeting of the Legislative Committee (Committee), which is open

to the public. The primary purpose of the meeting is to review proposed federal legislation regarding the reauthorization of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The Committee may also review Federal and state legislative matters relative to the Capital Construction Fund, aquaculture, the American Fisheries Act, and other Council interests.

DATES: The Committee will meet on Friday, April 28 2006, from 8:30 a.m. until business for the day is completed.

ADDRESSES: The meeting will be held in the West Conference Room at the Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384; telephone: (503) 820-2280.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Burner, Pacific Fishery Management Council Staff Officer; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The Legislative Committee often meets concurrently with the Council but will next meet away from a Council meeting to allow additional time to deliberate several significant federal legislative matters. Although not limited to the following topics, the Committee will focus on recently introduced legislation pertaining to the reauthorization of the Magnuson-Stevens Act. Additionally, the Committee may discuss Senate Bill 1195, the National Offshore Aquaculture Act of 2005; legislation regarding the Capital Construction Fund, and solicited Council input on potential amendment of the American Fisheries Act. Committee recommendations will be provided in a report to the Council which may form the basis for Council input on these important legislative matters.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for

sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

SUPPLEMENTARY INFORMATION:

Background Information

On January 18, 2006, the Council was informed by the Under Secretary of Commerce for Oceans and Atmosphere, that NOAA is developing alternatives in the Draft Environmental Impact Statement for the proposed NWHI National Marine Sanctuary that would enable the Council to continue to recommend management measures to limit bottomfish and pelagic fisheries through regulations under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), consistent with the goals and objectives of the proposed sanctuary. While the preferred alternative has not been selected, the range of alternatives under consideration includes a regulatory regime allowing commercial bottomfishing and non-longline pelagic fishing to continue either: (1) indefinitely, (2) until 2025, or (3) for 5 years with a ban on fishing thereafter.

The Council was also informed that if, by May 1, 2006, it transmits for Secretarial review, an amendment to the Bottomfish and Pelagics Fishery Management Plans (FMPs) and corresponding proposed regulations implementing limits to bottomfish and pelagic fishing, NOAA may review those Magnuson-Stevens Act regulations

as potential mechanisms to implement NOAA's preferred alternative for the proposed sanctuary, rather than implementing the alternative via the National Marine Sanctuaries Act.

At its 131st Council meeting held March 13-16, 2006, the Council took initial action and recommended that limited fishing be allowed in federal waters of the proposed NWHI National Marine Sanctuary and managed under the Magnuson-Stevens Act (except for recreational fishing at Midway Atoll), consistent with all codified federal regulations and subject to the following restrictions:

a. A closure be established indefinitely for all harvests of crustacean, precious coral and coral reef ecosystem species;

b. All commercial and recreational fishing be subject to Magnuson-Stevens Act permit and logbook reporting requirements

c. Recreational fishing permits be issued on a case-by case basis, and that the Council will evaluate the need for further management;

d. Limited-entry NWHI bottomfish permits be capped at 14, with 7 permits for the Ho'omalulu Zone and 7 permits for the Mau Zone (the two Community Development Program permits for indigenous use to be included in the latter and issued as previously recommended by the Council);

e. The annual bottomfish catch be limited to 381,500 lbs (85% of Maximum Sustainable Yield);

f. Non-longline commercial pelagic fishing permits be capped at three (3);

g. The annual commercial pelagic catch by the non-longline pelagic fishery and the limited-entry bottomfish fishery be limited to 180,000 lbs.;

h. No-take Marine Protected Areas be established around French Frigate Shoals and West of 174 W longitude;

i. The use-or-lose requirements for renewal of commercial bottomfish permits be removed;

j. Relinquished or revoked commercial bottomfish permits be reissued by NMFS in accordance with the existing procedures for Ho'omalulu Zone permits and as described in the Council's previous recommendation for Mau Zone permits; and

k. Federally permitted research regarding fishery and ecosystem conservation and management would be allowed in Federal waters.

The Council will consider final action on these proposed limits to fishing in the NWHI at this 132nd meeting.
