Workforce Investment Act, 1998

AGENCY: Employment and Training Administration.

ACTION: Notice on Reallotment of Workforce Investment Act (WIA) Title I Formula Allotted Funds for Dislocated Worker Activities for Program Year (PY) 2005.

SUMMARY: Section 132(c) of the Workforce Investment Act (WIA) (Pub. L. 105-220), requires the Secretary to conduct reallotment of excess unobligated WIA Adult and Dislocated Worker formula funds based on state financial reports submitted as of the end

of the prior program year. The procedures the Secretary uses for recapture and reallotment of funds are described in WIA regulations at 20 CFR 667.150. This notice publishes Dislocated Worker PY 2005 funds to be recaptured and amounts reallotted to eligible states. No PY 2005 Adult funds are being recaptured.

DATES: *Effective Date:* This notice is effective April 7, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Christine D. Kulick, at telephone number (202) 693-3937 (this is not a toll free number). U.S. Department of Labor, Employment and Training Administration, Room C-4510, 200 Constitution Avenue, NW., Washington, DC 20210; or transmit via fax (202) 693-3015.

SUPPLEMENTARY INFORMATION: Training and Employment Guidance Letter (TEGL) 23-04 advised states that the reallotment of funds under WIA will occur during PY 2005 based on state obligations made in PY 2004. WIA Adult and Youth PY 2005 funds are not subject to recapture because in no case do PY 2004 unobligated funds exceed

the statutory requirement of 20 percent of state allotted funds. No WIA funds were recaptured and reallotted in PY 2004.

Excess unobligated state funds in the amount of \$239,605 will be recaptured from PY 2005 formula allotted funds for the Dislocated Worker program for two states and distributed by formula as PY 2005 Dislocated Worker funds for eligible states. The methodology used for the *calculation of the recapture/reallotment amounts* and distribution of changes to PY 2005 formula allotments for Dislocated Worker activities are attached.

WIA section 132 (c) requires the Governor to prescribe equitable procedures for making funds available from the state and local areas in the event that a state is required to make funds available for reallotment.

Signed: at Washington, DC this 31st day of March, 2006.

Emily Stover DeRocco,

Assistant Secretary for Employment and Training.

Oblig	Prorated using Statewide Auth est by pgm	Considered 100% Obligated

Reallotment calculations:

- (1) Each state's total amount of state obligations of PY 2004 (including FY 2005) funds for the Dislocated Worker (DW) program is calculated. State obligations are considered to be the total of the estimated DW share of statewide activities obligations, Rapid Response obligations, 100% of local DW program authorized, and 100% of estimated DW portion of local admin authorized. The DW total unobligated balance is the DW 2004 allotment amount (adjusted for rescissions) less the calculated total DW obligations. (Navajo Nation funds are added back to the New Mexico and Arizona for reallotment purposes and treated like a local area.)
- (2) Section 667.150 of the regulations provides that the recapture calculations exclude the reserve for state administration. Data on state administrative amounts are not normally available on WIA financial reports. Therefore, additional data on state administrative amounts included in the PY 2004 and FY 2005 Statewide Activities amounts authorized and obligated as of 6/30/05 are requested from those states calculated to be potentially liable for recapture.
- (3) In the preliminary calculation of states potentially liable for recapture, the DW portion of the state administrative amounts authorized and obligated is estimated using the DW relative share of the state allotment amounts for all programs (adjusted for rescissions). If a State provides actual DW portions in revised reports, this data is replaces the estimates. Based on the additional requested data submitted on revised reports, the DW total allotment for these states is reduced by the DW portion of the state administrative amount authorized and the DW total obligations for these states are reduced by the DW portion of the state administrative amounts obligated. These calculations are done separately for PY 2004 and FY 2005.
- (4) States (including those adjusted by State administrative data) with unobligated balances for combined PY 2004/FY 2005 exceeding 20% of the combined PY2004/FY2005 DW allotment (adjusted for rescissions) will have their DW 2005 funding reduced (recaptured) by the amount of the excess.
- (5) As calculated above, states with unobligated balances not exceeding 20% will receive a share of the total recaptured amount based on their share of the total PY 2004/FY2005 DW allotments amount (adjusted for rescissions) for all such states.
