

section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. § 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

**Staff report.**—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on May 30, 2006, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

**Hearing.**—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on June 13, 2006, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before June 7, 2006. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations may be required to attend a prehearing conference to be held at 9:30 a.m. on June 9, 2006, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

**Written submissions.**—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is June 6, 2006. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is June 20, 2006; witness testimony must be filed

no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before June 20, 2006. On July 7, 2006, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before July 11, 2006, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Reg. 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 Fed. Reg. 68168, 68173 (November 8, 2002).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: April 3, 2006.

## DEPARTMENT OF LABOR

### Office of the Secretary

#### **Job Corps: Preliminary Finding of No Significant Impact (FONSI) for the Proposed Job Corps Center To Be Located at the Dome Industrial Park on 5th Avenue and 22nd Street in St. Petersburg, FL**

**AGENCY:** Office of the Secretary (OSEC), Department of Labor.

**ACTION:** Preliminary Finding of No Significant Impact (FONSI) for the proposed Job Corps Center to be located at the Dome Industrial Park on 5th Avenue and 22nd Street in St. Petersburg, Florida.

**SUMMARY:** Pursuant to the Council on Environmental Quality Regulations (40 CFR part 1500-08) implementing procedural provisions of the National Environmental Policy Act (NEPA), the Department of Labor, Office of the Secretary (OSEC), in accordance with 29 CFR 11.11(d), gives notice that an Environmental Assessment (EA) has been prepared for a proposed new Job Corps Center to be located in St. Petersburg, Florida, and that the proposed plan for a new Job Corps Center will have no significant environmental impact. This Preliminary Finding of No Significant Impact (FONSI) will be made available for public review and comment for a period of 30 days.

**DATES:** Comments must be submitted by May 8, 2006.

**ADDRESSES:** Any comment(s) are to be submitted to Michael F. O'Malley, Office of the Secretary (OSEC), Department of Labor, 200 Constitution Avenue, NW, Room N-4460, Washington, DC 20210, (202) 693-3108 (this is not a toll-free number).

**FOR FURTHER INFORMATION CONTACT:** Copies of the EA are available to interested parties by contacting Michael F. O'Malley, Architect, Unit Chief of Facilities, U.S. Department of Labor, Office of the Secretary (OSEC), 200 Constitution Avenue, NW, Room N-4460, Washington, DC 20210, (202) 693-3108 (this is not a toll-free number).

**SUPPLEMENTARY INFORMATION:** This Environmental Assessment (EA) summary addresses the proposed construction of a new Job Corps Center

in St. Petersburg, Florida. The subject property for the proposed Job Corps Center is an approximately 16-acre vacant parcel of land owned by the City of St. Petersburg, Florida.

The new center will require construction of approximately seven (7) to ten (10) new buildings, a retention pond, and a recreation field. The proposed Job Corps center will provide housing, training, and support services for 272 resident students and approximately 28 non-residential students for a total of 300 students. The current facility utilization plan includes new dormitories, a cafeteria building, administration offices, a Physical Fitness facility, vocational and educational classroom facilities, and a maintenance and storage facility.

The construction of the Job Corps Center on this proposed site would be a positive asset to the area in terms of environmental and socioeconomic improvements, and long-term productivity. The proposed Job Corps Center will be a new source of employment opportunity for people in the west-central Florida area. The Job Corps program provides basic education, vocational skills training, work experience, counseling, health care and related support services. The program is designed to graduate students who are ready to participate in the local economy.

The proposed project will not have any significant adverse impact on any natural systems or resources. No state or federal threatened or endangered species (proposed or listed) have been identified on the subject property.

Although the project is located in the Dome Industrial Park which contained the historical and significantly cultural landmark, the Manhattan Casino building, this landmark has experienced a major exterior renovation. Thus, the design and construction of a Job Corps center will not adversely affect any existing historic structures or neighborhoods, either adjacent or actually in the historically designated section of the Midtown neighborhood. More importantly, the design and construction of the center will take into account the historic fabric of this neighborhood in terms of construction materials, the physical setting of buildings and the proper use of color so that the center will blend into the existing neighborhood.

Air quality and noise levels should not be affected by the proposed development project. Due to the nature of the proposed project, it would not be a significant source of air pollutants or additional noise, except possibly during construction of the facility. All

construction activities will be conducted in accordance with applicable noise and air pollution regulations, and all pollution sources will be permitted in accordance with applicable pollution control regulations.

The proposed Job Corps Center is not expected to significantly increase the vehicle traffic in the vicinity, since many of the Job Corps Center residents will either live at the Job Corps Center or use public transportation. While some Job Corps Center students and staff may use personal vehicles, their number would not result in a significant increase in vehicular traffic in the area. Access is planned from 5th Avenue and 22nd Street. Road improvements and/or installation of signals to facilitate site ingress/egress do not appear necessary.

The proposed project will not have any significant adverse impact on the surrounding water, sewer, and storm water management infrastructure. The new building to be constructed for the proposed Job Corps center will be tied into the existing City of St. Petersburg water distribution system. The new buildings to be constructed for the proposed center will also be tied into the City's existing wastewater utility system.

TECO would provide the electricity for the site. This is not expected to create any significant impact to the regional utility infrastructure.

No significant adverse affects to local medical, emergency, fire, and police services are anticipated. The primary medical provider located closest to the proposed Job Corps parcel is Bayfront Medical Center, approximately 1 mile from the proposed Job Corps Center. Never the less, the Job Corps center will have a small medical and dental facility as part of the campus for use by the residents, as necessary for providing a ward for sick students with the flu or small non-emergency incapacities. Security services at the Job Corps will be provided by the center's security staff. Law enforcement services are provided by the St. Petersburg Police Department, located approximately 1 mile from the proposed project site. The local fire station is the St. Petersburg Fire & Rescue. The fire department has two stations which operate 24 hours a day near the proposed site. One of the stations is less than 5 minutes away and will provide all of the necessary fire protection for the center in the near future.

The proposed project will not have a significant adverse sociological affect on the surrounding community. Similarly, the proposed project will not have a significant adverse affect on
