**DeGreeff DP, LLC; Notice of Issuance  
of Order**

April 6, 2006.

DeGreeff DP, LLC (DeGreeff DP) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provides for the sale of energy and capacity at market-based rates. DeGreeff DP also requested waiver of various Commission regulations. In particular, DeGreeff DP requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by DeGreeff DP.

On April 5, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by DeGreeff DP should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is May 5, 2006.

Absent a request to be heard in opposition by the deadline above, DeGreeff DP is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of DeGreeff DP, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of DeGreeff DP's issuances of securities or assumptions of liability.
