DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Parts 100, 147 and/or 165

[USCG–2006–24413]

Quarterly Listings; Safety Zones, Security Zones and Special Local Regulations

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary rules issued.

SUMMARY: This document provides required notice of substantive rules issued by the Coast Guard and temporarily effective between October 1, 2005 and December 31, 2005, which were not published in the **Federal Register**. This quarterly notice lists special local regulations, security zones, and safety zones, all of limited duration and for which timely publication in the **Federal Register** was not possible.

DATES: This document lists temporary Coast Guard rules that became effective and were terminated between October 1, 2005 and December 31, 2005.

ADDRESSES: The Docket Management Facility maintains the public docket for this notice. Documents indicated in this notice will be available for inspection or

copying at the Docket Management Facility, U.S. Department of Transportation, Room PL–401, 400 Seventh Street, SW., Washington, DC 20593–0001 between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may electronically access the public docket for this notice on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on this notice contact Ms. Lesley Mose, Office of Regulations and Administrative Law, telephone (202) 267–1477. For questions on viewing, or on submitting material to the docket, contact Ms. Angie Ames, Program Manager, Docket Operations, telephone 202–366–5115.

SUPPLEMENTARY INFORMATION: Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. Safety zones may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. Security zones limit access to prevent injury or damage to vessels, ports, or waterfront facilities and may also describe a zone around a vessel in motion. Special local regulations are issued to enhance the safety of participants and spectators at regattas and other marine events. Timely publication of these rules in the **Federal Register** is often precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected

public is, however, informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the beginning of the effective period, mariners were personally notified of the contents of these special local regulations, security zones, or safety zones by Coast Guard officials' on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these special local regulations, security zones, and safety zones regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. The safety zones, special local regulations and security zones regulations listed in this notice have been exempted from review under Executive Order 12866, Regulatory Planning and Review, because of their emergency nature, or limited scope and temporary effectiveness.

The following rules were placed in effect temporarily during the period from October 1, 2005, through December 31, 2005, unless otherwise indicated.

Dated: April 5, 2006.

S.G. Venckus,

Chief, Office of Regulations and Administrative Law.

BILLING CODE 4910-15-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R07-OAR-2005-MO-0007; FRL-8158-7]

Finding of Substantial Inadequacy of Implementation Plan; Call for Missouri State Implementation Plan Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is finalizing our December 19, 2005, proposed finding

that the Missouri State Implementation Plan (SIP) for lead is substantially inadequate to attain or maintain the National Ambient Air Quality Standard (NAAQS) for lead within the city limits of Herculaneum, Missouri. Pursuant to our authority in the Clean Air Act to call for plan revisions, the SIP has been found inadequate to attain and maintain the NAAQS within this portion of Jefferson County, as evidenced by three quarters of monitored violations in 2005. These violations occurred despite implementation of all control measures contained in the SIP, including all contingency measures established to address violations. EPA received comments on this proposal and is responding to these comments in this rulemaking. This rulemaking requires

Missouri to revise the SIP to meet all of the applicable requirements of section 110 and part D of Title I of the Clean Air Act with respect to lead in the nonattainment area. The state is required to submit revisions to the SIP within twelve months of this final rulemaking. The SIP is required to provide for attainment of the lead NAAQS in the Herculaneum nonattainment area as expeditiously as practicable, but no later than two years after issuance of this final rule. If the state fails to submit a revised SIP by the deadline, it will be subject to sanctions under the provisions of the Clean Air Act.

DATES: This rule is effective on May 15, 2006.
