

On February 13, 2006, APHIS published a notice¹ in the **Federal Register** (70 FR 7504–7505, Docket No. APHIS–2006–0016) announcing the availability of an environmental assessment (EA) for the proposed field trial. During the 30-day comment period, APHIS received two comments. One comment was from an individual and the other was from a public interest group. Both commenters objected to the field release described in the EA. APHIS' response to those comments can be found as an attachment to the finding of no significant impact (FONSI) and decision notice.

Pursuant to its regulations (7 CFR part 340) promulgated under the Plant Protection Act, APHIS has determined that this field trial will not pose a risk of the introduction or dissemination of a plant pest. Additionally, based upon analysis described in the EA, APHIS has determined that the action proposed in Alternative C of the EA, to issue the permit with additional permit conditions, will not have a significant impact on the quality of the human environment. You may read the FONSI and decision notice on the Internet or in the APHIS reading room (see **ADDRESSES** above).

The EA and FONSI were prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372). Copies of the EA and FONSI are available from the individual listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 7 U.S.C. 7701–7772 and 7781–7786; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 10th day of April, 2006.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Additions and Deletions

AGENCY: Committee for Purchase from People Who Are Blind or Severely Disabled.

ACTION: Additions to and deletions from Procurement List.

SUMMARY: This action adds to the Procurement List a product and a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List products previously furnished by such agencies.

DATES: *Effective Date:* May 14, 2006.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia, 22202–3259.

FOR FURTHER INFORMATION CONTACT: Sheryl D. Kennerly, Telephone: (703) 603–7740, Fax: (703) 603–0655, or e-mail SKennerly@jwod.gov.

SUPPLEMENTARY INFORMATION:

Additions

On January 20, and February 17, 2006, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (71 FR 3259, and 8565) of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product and service and impact of the additions on the current or most recent contractors, the Committee has determined that the product and service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

The Following Comments Pertain to Filter, Element Coalescer

Comments were received from the most recent contractor for the Filter, Element Coalescer, in response to a request for sales data. The contractor stated that it held four contracts for this product in 2004, during which the contractor made considerable investments in capital equipment. The contractor also indicated intent to make further investments to produce the product for future contracts. The contractor stated that it makes the product on Native American property, with nearly all its employees being Native Americans. According to the contractor, loss of the opportunity to produce this product for the Government will result in discharge of about twenty people, who will have very few employment areas in that depressed area. Government records show that the four contracts this contractor cited are the only contracts for this product which this contractor

has held. Furthermore, the value of those contracts was less than ten percent of the contractor's total sales. Therefore, the contractor cannot be considered dependent on contracts for the product. In addition, because the contractor would not be guaranteed to receive future contracts if the product remained in the competitive bidding system, the contractor's inability to recoup its capital investment is not a significant factor in the Committee's impact decision. The Government has not purchased this product since 2004. Consequently, it is likely that any job loss attributable to the product will have already occurred. In view of these facts, the Committee has concluded that addition of the product to the Procurement List is not likely to have a severe adverse impact on the contractor.

The following material pertains to all of the items being added to the Procurement List.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product and service to the Government.

2. The action will result in authorizing small entities to furnish the product and service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the product and service proposed for addition to the Procurement List.

End of Certification

Accordingly, the following product and service are added to the Procurement List:

Product

Product/NSN: Filter, Element Coalescer
4330-00-983-0998—Filter, Element Coalescer

NPA: New Ventures Enterprises, Inc., LaGrange, Georgia

Deletions

On February 17, 2006, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (71 FR 8565/8566) of proposed deletions to the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the products listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products deleted from the Procurement List.

End of Certification

Accordingly, the following products are deleted from the Procurement List:
