

regulatory issues would be completed as expeditiously as possible.

The trading of all contracts through electronic trading devices that provide access to foreign boards of trade from within the U.S. continues to be subject to the terms and conditions of the Foreign Terminal No-Action Letter issued to the particular foreign board of trade. Included among those terms and conditions is the requirement that the foreign board of trade promptly provide the Division with written notice of any material change in the structure, operation or regulation of the foreign board of trade or its trading system. Further, this notice does not alter the analysis that Commission staff uses when considering requests for Foreign Terminal No-Action Letters, dictate the result of that analysis, or alter the authority of Commission staff to condition, modify, suspend, terminate, or otherwise restrict the no-action relief that it issues.
