

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. RP06-177-001 and 002]****Iroquois Gas Transmission System, L.P.; Notice of Compliance Filing**

April 11, 2006.

Take notice that on April 3, 2006, replacing the March 30, 2006, filing in Docket No. RP06-177-001, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised sheet to be effective five days after the date Iroquois notifies the Commission that it intends to implement Hub Service:

Substitute Second Revised Sheet No. 60E  
Alternate Substitute Second Revised Sheet No. 60E  
Original Sheet 60F

Iroquois states that it has learned that the revised tariff sheets (Substitute Second Revised Sheet No. 60E and Alt. Substitute Second Revised Sheet No. 60E) submitted in the March 30, 2006 compliance filing inadvertently contained the subject language in subsection (b) to section 5 of its General Terms & Conditions rather than subsection (a) to section 5.

Iroquois states that copies of its filing were served on all jurisdictional customers and interested state regulatory agencies and all parties to the proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public

Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

**BILLING CODE 6717-01-P****DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Project No. 199]****South Carolina Public Service Authority; Notice of Authorization for Continued Project Operation**

April 11, 2006.

On November 20, 2000, South Carolina Public Service Authority, licensee for the Santee Cooper Hydroelectric Project No. 199, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations. Project No. 199 is located on the Santee and Cooper Rivers, in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina.

The license for Project No. 199 was issued for a period ending March 31, 2006. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the

Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 199 is issued to South Carolina Public Service Authority for a period effective April 1, 2006 through March 31, 2007, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before March 1, 2007, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that South Carolina Public Service Authority of Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina, is authorized to continue operation of the Santee Cooper Project No. 199 until such time as the Commission acts on its application for subsequent license.
