

of Proposed Rulemaking (NOPR) on the Reliability Standards in July. However, prior to issuance of a NOPR, Commission staff will release its preliminary assessment of the proposed Reliability Standards. Further the Commission intends to hold a technical conference on the proposed standards and preliminary assessment. The Commission will provide an opportunity to comment on the preliminary assessment and technical conference.

This pre-NOPR process will allow industry participants to help the Commission to determine which of the Reliability Standards the Commission should propose to accept, remand or conditionally accept, and the type of guidance and appropriate timelines we should propose for revising and improving standards as we transition to the new mandatory Reliability Standard regime.
