

proposed rule change, as amended, is consistent with section 6(b)(5) of the Act⁹ which, among other things, requires that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating securities transactions, to remove impediments to perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposal is intended to increase the number of orders handled electronically and establish rules that permit the electronic delivery and handling of stop and stop-limit orders via the Exchange's AUTOM System. The Commission notes that increasing the number of orders handled electronically should increase the efficiency and accuracy of the handling of such orders. In addition, the proposal is substantially similar to a rule currently in effect on the International Securities Exchange, Inc.¹⁰

The Exchange requests accelerated approval of the proposal to permit implementation of the functionality for stop and stop-limit orders in AUTOM as soon as possible. Therefore, the Exchange requests that the Commission find good cause for approving the proposal, as amended, prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**.

The Commission notes that the proposal and Amendment No. 1 were noticed for the full 21-day comment period, and the Commission received no comments regarding the proposal, as amended. As discussed more fully above, the Commission believes that the proposed rule change should permit the Exchange to handle stop orders and stop limit orders more efficiently. Accordingly, the Commission finds good cause pursuant to section 19(b)(2) of the Act¹¹ to approve the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**.

IV. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹² that the proposed rule change (File No. SR-Phlx-2005-80), as amended, be and

hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³

Nancy M. Morris,

Secretary.
