

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The primary objective of the State VR Unit In-Service Training program is to maintain and upgrade the knowledge and skills of personnel currently employed in the public VR system. Grantees must provide training that responds to the needs identified in the Comprehensive System for Personnel Development (CSPD) required in section 101(a)(7) of the Rehabilitation Act of 1973, as amended.

In order to measure the success of the State VR Unit In-Service Training program grantees in meeting this objective, State VR agencies are required to submit performance data through the in-service annual performance report and their State plans. At a minimum, the annual performance report must include data on the percentage of currently employed VR State agency counselors who meet their States' CSPD standards.

#### VII. Agency Contact

*For Further Information Contact:* Marilyn Fountain, U.S. Department of Education, 400 Maryland Avenue, SW., room 5029, Potomac Center Plaza, Washington, DC 20202-2550. Telephone: (202) 245-7346 or by e-mail: [Marilyn.Fountain@ed.gov](mailto:Marilyn.Fountain@ed.gov).

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the program contact person listed in this section.

#### DEPARTMENT OF ENERGY

##### Federal Energy Regulatory Commission

[Docket Nos. ER06-653-000, ER06-653-001]

##### Entergy Nuclear Power Marketing, LLC; Notice of Issuance of Order

April 19, 2006.

Entergy Nuclear Power Marketing, LLC (Entergy Nuclear PM) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate schedule

provides for the sale of energy, capacity, and ancillary services at market-based rates. Entergy Nuclear PM also requested waiver of various Commission regulations. In particular, Entergy Nuclear PM requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Entergy Nuclear PM.

On April 19, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Entergy Nuclear PM should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is May 19, 2006.

Absent a request to be heard in opposition by the deadline above, Entergy Nuclear PM is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Entergy Nuclear PM, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Entergy Nuclear PM's issuances of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the

"e-Filing" link. The Commission strongly encourages electronic filings.

[Project No. 12198-001, Project No. 12213-001, Project No. 12274-001, Project No. 12297-001, Project No. 12309-001, Project No. 12369-001, Project No. 12535-001]

**Green Point Hydro, LLC; Hugo Hydro, LLC; Meyers Hydro, LLC; Heflin Hydro, LLC; Ohio River L&D 52 Hydro, LLC; MSR 5 Hydro, LLC; Easton Diversion Dam Hydro, LLC; Notice of Surrender of Preliminary Permits**

April 19, 2006.

Take notice that the permittees for the subject projects have requested voluntary surrender of their preliminary permits.

Project No.	Project name	Stream	State	Expiration date
12198-001	Green Point Upper Dam	Green Point Creek	OR	11-30-2007
12213-001	Hugo Dam Hydroelectric	Kiamichi River	OK	10-31-2006
12274-001	John T. Meyers L&D	Ohio River	IN	11-30-2007
12297-001	Heflin L&D	Tombigbee River	AL	11-30-2007
12309-001	Ohio River L&D #52	Ohio River	KY	11-30-2007
12369-001	Mississippi River L&D #5	Mississippi River	WI	11-30-2007
12535-001	Easton Diversion Dam	Yakima River	WA	2-29-2008

The permits shall remain in effect through the thirtieth day after issuance of this notice unless that day is Saturday, Sunday, or a holiday as described in 18 CFR 385.2007, in which case each permit shall remain in effect through the first business day following that day. New applications involving these project sites, to the extent provided for under 18 CFR part 4, may be filed on the next business day.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory Commission**

[Docket No. CP06-124-000]

**Gulf South Pipeline Company; Notice of Request Under Blanket Authorization**

April 19, 2006.

Take notice that on April 7, 2006, Gulf South Pipeline Company, LP (Gulf South), 20 East Greenway, Houston, Texas 77046, filed in Docket No. CP06-124-000, a request pursuant to sections 157.205 and 157.208 of the Commission's regulations under the Natural Gas Act (18 CFR 157.205 and

157.208 (2005)) for authorization to reduce the maximum allowable operating pressure (MAOP) of its 8-inch Jackson to Hattiesburg Lateral located in Rankin, Simpson, Covington, Forrest, and Jones Counties, Mississippi, under Gulf South's blanket certificate issued in Docket No CP82-430-000 pursuant to section 7(c) of the Natural Gas Act, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Gulf South proposes to reduce the MAOP of Index 387, between milepost 0.00 and milepost 80, from 419 psig to 165 psig. Gulf South confirms that recent operating history of this Lateral shows that customers consistently have requested and used substantially lower volumes of gas. Gulf South states that the current firm transportation obligations on Index 387 are approximately 12.0 MMcf per day, and that the proposed reduction of the MAOP will not affect their ability to meet its contractual firm obligations, since the demand for natural gas

deliveries from the Lateral has been minimal. Also, Gulf South neither foresees a material increase in demand nor any market requirement for Gulf South to maintain a higher MAOP on this Lateral. Furthermore, Gulf South explains that over the years there has been a significant encroachment of the pipeline in this area due to an increase in population density. As a result, Gulf South believes that it is acting in the public interest in lowering the MAOP of the line due to this encroachment. Also, Gulf South states that their proposal to lower the MAOP of Index 387 will permit them to continue to operate the Lateral well within safe limits given the age of the line and the increase in population density without adversely affecting the reliability of the line. Finally, Gulf South states that no construction activities will be required to facilitate the MAOP reduction.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be
