Statutory Requirement: 12 U.S.C. 1464(v) imposes reporting requirements for savings associations.

Type of Review: Revision of currently approved collections.

Affected Public: Business or For Profit.

Estimated Number of Respondents and Recordkeepers: 858.

Estimated Burden Hours per Respondent: 36.4 hours average for quarterly schedules and 1.9 hours average for schedules required only annually plus recordkeeping of an average of one hour per quarter.

Estimated Frequency of Response: Quarterly.

Estimated Total Annual Burden: 129,987 hours.

OTS is proposing to revise the TFR, which is currently an approved collection of information. The effect of the proposed revisions to the TFR requirements on reporting burden will vary from institution to institution depending, in some cases, on the institution's asset size and, in other cases, on its involvement with the types of activities or transactions to which the proposed changes apply. OTS estimates that the implementation of these reporting revisions will not result in an increase in the current reporting burden imposed by the TFR on all savings associations.

Request for Comments: As part of the approval process, we invite comments addressing one or more of the following points:

a. Whether the proposed revisions to the TFR collections of information are necessary for the proper performance of the agency's functions, including whether the information has practical utility;

b. The accuracy of the agency's estimate of the burden of the collection of information;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques, the Internet, or other forms of information technology; and

e. Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

OTS will summarize the comments received and include them in the request for OMB approval. All comments will become a matter of public record.
